Chapter 1 – Mobilization of the Force: Discusses procedures for mobilizing Reserve Component assets (individual and unit) in support of contingency operations.

Chapter 2 – Notification and Orders: Discusses the preparation and types of orders used to mobilize/employ/deploy military and civilian personnel (including installation/unit requirements and procedures for extensions, and sources of manpower).

Chapter 3 – Deployment / Redeployment: Provides guidance, business practices, and policy for all personnel deploying to and redeploying from a theater of operation. Discusses voluntary separation actions; deployment packets for deploying Soldiers, Civilians and contractors; CONUS Replacement Center (CRC) processing; the redeployment and demobilization of RC individual replacements; personnel tempo (PERSTEMPO); and the Theater Specific Individual Requirement Training (TSIRT) for each Combatant Command’s area of responsibility.

Chapter 4 – Individual Augmentation and Active Duty Support – Requirements, Sources, and Processes: Discusses procedures used to request, source, receive and deploy unit and individual augmentees (IA) to include IRR, retiree recall, and individual mobilized augmentees (IMA). Global Force Management, Non-force structure requirements.

Chapter 5 – Medical and Dental: Discusses medical and dental requirements for personnel mobilizing and/or deploying, and management of line of duty responsibilities.

Chapter 6 – Finance and Entitlements: Discusses military and civilian entitlements to include pay, allowances, leave, benefits, and other authorizations when Soldier(s) mobilize and/or deploy; discusses travel entitlements and military pay processing.

Chapter 7 – Casualty Operations and Mortuary Affairs: Discusses casualty reporting, notification, collateral reports and mortuary affairs. Provides procedures for casualty operations in theater; provides instruction on line of duty determinations; reporting prisoners of war and missing in action; escorts and funerals; and records management.

Chapter 8 – Equipment: Discusses how organizations execute and manage equipment functions when deploying military personnel; provides equipment per specific operation.

Chapter 9 – Personnel Management: Discusses personnel procedures conducted throughout mobilization and deployment. Discusses procedures for the staffing of deploying AC and RC units to include cross leveling, Soldier Readiness Processing (SRP). This chapter also includes business practices for Fort Bliss and Fort Hood Mobilization Force Generating Installations (MFGI).
Chapter One

Mobilization of the Force

Section I

Introduction

1–1. Mobilization and Deployment

This chapter focuses on Army Mobilization, which is the process of bringing the Army to a state of readiness for war, contingency, or national emergency. This encompasses the activation of individuals and units across all three Army components – Regular Army (RA), United States Army Reserve (USAR), and Army National Guard (ARNG).

Section II

Army Mobilization

1–2. Authorities

a. Mobilization authority is derived from sections of United States Code (USC), Title 10 (Federal) and Title 32 (State). Law and policies are designed to differentiate between pre-mobilization options and mobilization force expansion options. Certain policies and programs which instantly increase unit resources and readiness are available only when the President authorizes the mobilization of the Reserve Component (RC) or alerts the AC concurrent with a declaration of national emergency or war. The President must issue an executive order or declaration of emergency to enable the use of certain mobilization authorities. Prior to the authorization of any mobilization level, the active Army can be augmented by retirees and RC volunteers to perform any operational mission. Table 1 provides a summary of the most significant authorities to access the RC.

b. The funding authority when RC units are ordered to active duty remains in formal AC channels and is accounted for under normal procedures unless otherwise directed. RC appropriations will fund all actions between the time of alert and the time the units enter active duty. Following entry on active duty, Operation and Maintenance, Army (OMA) or Military Personnel Appropriations (MPA) funds will fund RC units while they are on federal active service. The appropriate supporting installation will provide OMA funding from the effective date of the mobilization order until the RC units depart for their mobilization stations. Thereafter, the mobilization stations provide funding primarily from OMA and MPA funds. The reserve
appropriation (Operations and Maintenance, Army Reserve (OMAR); Operation and Maintenance, National Guard (OMNG); and RPA/National Guard Personnel Army (NGPA) will resume funding of RC units once they are released from active duty service.

c. AR 500-5, Army Mobilization. Army mobilization is a complex activity. The mobilization authorities prescribe the sequence of activities necessary to bring a unit or Soldier onto active duty.

d. HQDA EXORD 230-16. This document authorizes RC units slated to deploy to request a rear detachment element.

e. DoD Instruction (DoDI) 1235.12, Accessing the Reserve Components. This DoDI applies to Presidential Executive Orders, Department of Defense (DoD), and Army Policies. This document is used to activate the RC and the Individual Ready Reserve (IRR) to active duty. Examples of RC activation includes, but is not limited to, sustained operational missions, emergent operations, contingency operations, and service during national emergencies or in time of war.

Section III
The Mobilization Process

1–3. Process

a. The G-3/5/7 is responsible for Army mobilization and operations policy and guidance, developing priorities for mobilization of RC units, directing the activation of RC units, preparing them for deployment, and establishing, publishing, and maintaining the Army Modernization Strategy (AMS).

b. Based on the statutes and authorities in the table above, the Army can involuntary mobilize RC units and Soldiers in support of approved force requirements. The process outlined in this section applies to mobilization under 10 USC 12302, 12304 and 12304(b).

c. The Army mobilization process is initiated by a CCMD or service requirement. CCDRs request forces through the Joint Staff to theater support requirements. The mobilization process begins when FORSCOM mobilizes Soldiers or units. The statutory guidance outlines the timelines for involuntarily activating units and the process of bringing them onto active duty. If the Army cannot meet the statutory notification requirements, then it must request SECDEF approval to operate outside the notification threshold.

d. The Army aims to provide notification to RC units as far out as practical for rotational requirements (up to 24 months in some cases) and as soon as possible for emergent requirements.

e. The DoD standard notification of an activation order under involuntary activation authorities is at least 180 days before activation date for base GFMAP, rotational, and pre-
planned requirements, and 120 days for standard emergent requirements (see DoDI 1235.12).

f. The SECDEF must approve any involuntary activations when the approval date occurs less than 60 days from the activation date, except for Reserve Emergency activation under 10 USC 12304(a) (see SECDEF Memo, Subject: Delegation of Authority to Certain Involuntary Activation of Reserve Component Units).

g. The goal is to publish involuntary mobilization orders as far in advance as possible. Most RC forces receive a minimum of 30 days’ notice to prepare for activation. However, a Soldier or unit can receive “same day orders” if the operational situation warrants and the SECDEF approves.

h. Under normal circumstances, unit mobilization orders are issued at least 12 months out for rotational forces, with individual Soldier receiving orders between 1 to 6 months from the date of activation. When Soldiers are identified late for mobilization or do not meet activation standards until later, the individual mobilization orders may be issued the same day as the Soldier’s report date to active duty.

1–4. Mobilization Automation Systems

There are a number of applications used in the business process to activate RC individuals and units. Most the applications are accessible via the Mobilization Common Operating Picture (MOBCOP) suite.

a. The Department of the Army Mobilization Processing System (DAMPS) is a Secret Internet Protocol Router network (SIPRnet) hosted business process application that takes a force request for a unit mobilization from initiation, through required DA staff review and to the Assistant Secretary of the Army for Manpower and Reserve Affairs (ASA M&RA), the Army principal delegated the authority to order units to involuntary mobilization.

b. The DAMPS orders application provides access to view individual orders. AC and RC Soldiers can view and download all orders from this site. All DAMPS orders are consolidated here. Login requires AKO username or CAC.

c. DAMPS Overseas Contingency Operations Temporary Change of Station (OCOTCS) is used by installations, states, and USAR commands to produce individual Soldier Overseas Contingency Operation (OCO) Temporary Change of Station (TCS) orders, TDY orders and activation orders. Access is restricted to orders issuing personnel only (CAC required).

d. DAMPS Overseas Contingency Operations Individual (OCOIND) is the individual active duty orders writing system. It produces individual orders for RC Soldiers who volunteer or are involuntarily activated. It produces ADT travel orders for ROTC Cadets and EVAC orders for medical returns to CONUS. Access is restricted to orders issuing personnel only (CAC required).

e. DAMPS-Unit (DAMPS-U) provides unit orders to the mobilization station. DAMPS-U produces and maintains First Army unit mobilization orders, which provide instructions and authority for the mobilized unit to move from home station to the mob station. DA mob orders
are located here as well. This is a read only site for unit research. Register for access at the link (CAC required).

f. The financial management (FM) application provides funds management capabilities within MOBCOP by uploading, validating, and accurately applying the correct account codes to MOBCOP issued orders. FM also enables commands to control, monitor and report on funds expenditures as orders are approved and issued. Access is restricted to designated funds managers (CAC required).

g. The Mission Analysis Readiness Resource Synchronization- NIPRNet (MARRS-N) is a scheduling application tool for RC unit deployment manning and collective training. Mobilized RC units select Soldiers for individual mobilization orders. Non-mobilized RC units and commands manage planned collective training exercise coordination. For ARNG, access is restricted to State orders issuing personnel. For USAR, access is restricted to designated personnel (CAC required).

h. The Mission Analysis Readiness Resource Synchronization- SIPRNet (MARRS-S) provides the same functionality as MARRS-N but maintains additional information that is classified.

Section IV
Employment Activities

1–5. Theater Utilization of RC Forces

a. The supported commander employs the mobilized or activated RC forces. Once deployed, RC and AC forces are functionally identical as part of the theater assigned force. The unit Boots on Ground (BOG) period is determined by the established service rotation policies. AC commanders must plan for the limited RC force duration of service of the unit and Soldier's mobilization. RC forces must be released from theater in time to conduct demobilization and out-processing activities.

b. CONUS Mission Support. Contingency operations may require RC support at CONUS mission locations (i.e.- MFGI mobilization support operations, augmentation of AC missions, or rear detachment support to deployed units).

Section V
Manning of Mobilizing Units

1–6. Manning the RA

a. The Active Component Manning Guidance (HQDA EXORD 070-19) dated 24 January 2019 sets forth the guidance for manning deploying RA units. Highlights include:

(1) **Cross-leveling in deploying RA Units** to ensure all deploying elements not directly managed by AHRC are sufficiently manned. If cross leveling cannot achieve the specified floors, Commands must notify AHRC. Senior Mission Commanders are responsible for ensuring fill of their co-located subordinate units. AHRC will fill geographically
separated/dispersed elements from the Parent Brigade level Headquarters through inbound assignments or by cross leveling on the installation.

(2) **Manning of RA Deploying Force** will be targeted for fill IAW Annex A of the manning guidance. Under no circumstance will a unit draw down below mission capable status unless approved by HQDA G-3/5/7. Submit ASCC requests to HQDA G-3/5/7, DAMO-ODO and include a statement that internal distribution actions would result in a draw down of an active Army unit below current directed strength management levels.

(3) **Manning of rotational forces for non-hostile fire pay areas** (Korea and European Defense Initiative (EDI)) is executed in accordance with HQDA EXORD 154-16 Rotational Business Rules.

1–7. Manning the USAR and ARNG

a. USAR and ARNG are not authorized to cross-level between components. Cross-leveling between USAR mission support commands requires CG, USARC approval. Cross-leveling must be completed prior to the effective date of mobilization for the alerted RC units.

(1) **Cross-leveling of Non-Alerted Units.** RC units not on alert are permitted to involuntarily cross-level so long as they comply with the reasonable-commuting-distance limitations located in AR 135-91 and AR 140-10.

(2) **Reasonable commuting Distance.** If a RC Soldier is involuntarily cross-leveled to a unit outside of the reasonable commuting distance as defined in AR 140-10, he or she must be afforded the opportunity to conduct rescheduled Inactive Duty Training (IDT) within a reasonable commuting distance from his or her residence. This limitation is not applicable if the unit provides the Soldier with transportation, quarters, and subsistence during the training.

(3) **Cross-leveling Non-Alerted to Alerted Units.** National Guard State Adjutants General (TAGs) and the USARC Commander have the authority to cross-level RC Soldiers (voluntarily or involuntarily) from any unit within their command prior to mobilization in order to increase personnel readiness of an alerted or sourced unit.

(4) **A Sourced Unit.** This unit, also known as the Deployment Expeditionary Force (DEF) is used to fill theater or CCMD operational support requirements. DEF units are primarily identified during sourcing conferences (DA/FORSCOM/CENTCOM). As requirements change, other units commonly referred to as Contingency Expeditionary Force (CEF) or Ready Expeditionary Force (REF) are identified as sourced units to fill these additional requirements.

(5) **Filling Units Prior to Deployment.** If FORSCOM provides mobilization requirements to an RC unit, the unit will initiate the mobilization process, (EXORD 230-16, DTG 0260618Z Jan 17, Requesting Reserve Components (RC) Rear Detachment Operations). The readiness deployment criteria for RC units is deployment at Assigned Mission Manning (AMM) Level 1 (90-100%) of Mission Required Strength (MRS).

b. The MRS is normally the unit's MTOE Required Strength, however this may vary depending on specific theater requirements, which are established by the Combatant
c. Assistant Secretary of the Army Manpower & Reserve Affairs (ASA M&RA) further defines **mission required strength** as the approved strength of a unit mission tasking requirement, as it exists, on the approved unit mobilization packet or AC deployment order (specific to a unit identification code).

d. Voluntary Selective Continuation of Alerted and Mobilized Selected Reserve Lieutenant Colonels (LTC) and Colonels (COL) under Title 10, Section 14701.

(1) The following categories of commissioned officers are authorized automatic selective retention on the RASL:

   (a) USAR and ARNG LTC’s and COL’s assigned to a unit or DUIC who are order to AD for deployment to a hostile fire or imminent danger pay (HFP/IDP) area in support of the Global War on Terrorism (GWOT).

   (b) Title 10 and Title 32 AGR LTC’s and COL’s assigned to a unit DUIC alerted or mobilized for deployment to a designated HFP/IDP area in support of the GWOT.

(2) For further information and details, contact Mr. Rowland Heflin at 703-695-7277 or Rowland.c.heflin.civ@mail.mil.

1–8. Individual Ready Reserve (IRR)

   a. The IRR is a manpower pool of individuals who served in the RA or Selected Reserve. Soldiers in the IRR are either fulfilling their contractual Military Service Obligation (MSO) per Section 651 of Title 10 USC or choose to voluntarily remain.

   b. IRR Soldiers are subject to involuntary active duty (AD) for training and fulfillment of mobilization requirements, per Sections 12301(a) and 12302 of 10 USC.

   c. Per DODI 1235.12, when deploying RC units identify shortages, the component manager will use available resources to fill the shortages to include using volunteers, task organizing at the unit level, and cross-leveling Soldiers from non-deployable units.

   d. IRR Soldiers ordered to AD who would like to delay or be exempt from AD will follow the procedures outlined in AR 601-25 (Delay in Reporting for and Exemption from Active Duty, Initial Active Duty Training, and Reserve Forces Duty), chapter 4.

   e. Utilizing IRR Soldiers. The first priority for IRR Soldiers is to fill deploying units. ASA (M&RA) must approve Involuntary IRR mobilization and forward to SECDEF for notification, prior to HRC publishing mobilization orders.
f. IRR Soldiers will in-process through an MFGI or an ATC. Training will include:

(1) Medical/ SRP

(2) Equipment Issue

(3) Refresher Training (MOS/AOC), if required

(4) Warrior Tasks and Battle Drills

(5) Theater Specific Individual Readiness Training (TSIRT)

g. After the requesting component receives the IRR Soldiers, it must utilize them, even if additional personnel become available.

1–9. ARNG Title 32 AGR Soldiers

a. Mobilized Title 32 (ARNG) AGR. Soldiers will be released from Full-time National Guard Duty (FTNGD) the day before mobilization. Soldiers’ current AGR orders will be amended to show the new end dates of their AGR tours.

(1) Each mobilized AGR Soldier will be issued a Certificate of Release or Discharge from Active Duty (DD Form 214).

(2) The Separation Program Designator code will be "MBK", narrative will be "completion of required active service", RE code will be "1", and the authority will be the statutory authority under which the mobilization is being conducted, such as "10 USC 12302".

b. Accountability of Title 32 AGRs on mobilization date will be against the numbers of Soldiers authorized mobilization under 10 USC 12302.

c. Mobilized AGRs are counted against AGR end-strength. Upon demobilization, these personnel will revert back to a Title 32 AGR status. Soldiers will remain on the Active Army Pay System while mobilized.

d. ARNG AGR Soldiers may volunteer to transfer to a mobilizing unit, however, unit commanders and/or State Adjutants General (TAGs) must approve such requests. Generally, these requests are denied in order to preserve the quality of full-time support available to future mobilizing units.

e. Involuntary Separation Actions. If a Title 32 AGR Soldier is pending involuntary separation due to non-selection by the Active Service Tour Continuation Board (ASTCB) and has reached his/her retention control point (RCP), then the Soldier will continue with the separation process even if he/she started transition leave prior to publication of the unit alert order by HQDA.
1–10. ARNG Title 10 AGR Soldiers

Upon request by the Adjutant General, Title 10 AGR Soldiers (ARNG) can be ordered to mobilize and deploy with a specific unit from their home station. Title 10 AGR Soldiers will prepare a DA Form 4187 to request release from Title 10 AGR duty status in order to mobilize and deploy with a unit. Prior to demobilization, Title 10 AGR Soldiers are required to contact their designated assignment officer to begin the process for their return to Title 10 AGR duty status.

1–11. Full-Time National Guard Duty for Operational Support (FTNGD-OS) to Attend SRP

States are authorized to place ARNG Soldiers on FTNGD-OS in order to attend Soldier Readiness Processing (SRP) with their gaining unit. This will provide the requisite per diem and travel fund authorization permitted by regulation.

1–12. Inactive National Guard (ING)

a. Soldiers in the ING are members of the ARNG Ready Reserve and are subject to involuntary call-up and deployment as determined by the SECARMY under 10 USC 12302 or 10 USC 12304 and per DOD Directive 1200.7, paragraph 4.2.

   (1) Soldiers will be briefed when they enter the ING program that they are subject to mobilization. Upon alert orders, commanders will contact ING Soldiers and notify them that they are being mobilized. Soldiers should return to an active (paid drill) status prior to their unit's M-Day.

   (2) ING Soldiers may be involuntarily cross-leveled to any alerted unit within the State, even if their own unit is not alerted, mobilized or deployed. ING Soldiers must be placed in an active status prior to assigning them to the alerted unit. ING Soldiers cannot be assigned to the alerted unit while still in the ING.

b. RC Unit Stop Loss, when applicable, affects ING Soldiers who are assigned or cross-leveled to alerted/mobilized units.

   (1) Soldiers approaching ETS: The unit will have five days in which to capture and track each Soldier's "real time" ETS/ESA/Retirement date when the unit is alerted.

   (2) If RC Unit StopLoss is in effect, SIDPERS-ARNG will be "top-loaded" with the date of 31 December 2031.

1–13. Time Allocation

a. ARNG, National Guard Regulation (NGR) 600-100 (Commissioned Officers – Federal Recognition and Related Personnel Actions) and NGR 600-200 (Enlisted Personnel Management) will be used in executing assignments and reassignments during the alert phase prior to the effective date of mobilization.

b. USAR commands follow guidance in AR 140-10 (Assignments, Attachments, Details, and
c. CS and CSS units in support of contingency operations will deploy at 95-100% of authorized strength.

1–14. Personnel Supplemental Fill (Passback)

Passback is the process for the RC to request RA personnel to fill RC shortages. RC deployed units should not exceed RA deployed fill rates using Passback. Requirements for shortage skills passed back from the RC to the RA are at a percentage consistent with the average for deployed RA units. For instance, if 35F NCO fill of deployed RA units is 85%, then RC units will not exceed 85% using "passback" for 35F RA Soldiers.

Notification and Orders

2–1. General Guidance

Orders are published to bring individuals onto active duty or change the status of military personnel on active duty. Regular Army (RA) personnel may be issued orders to change status from duty at a permanent duty station (PDS) location to temporary duty (TDY) at another location. United States Army Reserve (USAR) or Army National Guard (ARNG) personnel may be ordered to active duty for inactive duty training, annual training, or active duty for operational support (ADOS). Orders are also published to call up or activate USAR or ARNG units under the prescribed mobilization authorities. Civilian employees can be issued TDY orders in support of deployed forces. Contractors are not issued orders but may be authorized by the U.S. Government to deploy in support of military forces. This chapter outlines the types and uses of orders for mobilization and deployment.

2–2. Contingency Operations (CONOPS)

a. In accordance with (IAW) Title 10 United States Code (USC) § 101 (a) (13) and FAR 2.101, "Contingency Operation" is a military operation that:

   (1) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force;

   (2) Results in the “call”, “order to”, or “retention” on, active duty of members of the uniformed services under 10 USC sections 688, 12301(a), 12302, 12304, 12304(a), 12305, or 12406 of this title, chapter 15 of this title, section 712 of title 14.
(3) Includes any other provision of law during a war or during a national emergency declared by the President or Congress.

b. Notification Requirement. The Secretary of Defense will approve, or be notified of, all USAR and ARNG activations under 10 USC sections 12301(a), 12302, 12304, and 12304(b) depending on the situation. For involuntary activation authorities, formal approval and notification occurs with SECDEF/USD (P&R) concurrence as appropriate. See DoDI 1235.12, Encl 3, 6b.

The DoD approval standard for an activation order under involuntary activation authorities is at least 180 days before the activation date in support of base Global Force Management Allocation Plan (GFMAP), rotational, and pre-planned requirements, and 120 days before the activation date for standard emergent requirements.

(1) Minimum 30 Day advance notice: Per Public Law 110-181, Section 515, USAR and ARNG members will receive a minimum of 30 days’ formal notice to prepare for activation.

(a) ADVANCE NOTICE REQUIRED. “The Secretary of a military department shall ensure that a member of a Reserve Component under the jurisdiction of that Secretary who will be called or ordered to active duty for a period of more than 30 days in support of a contingency operation (as defined in section 101(a)(13) of title 10, United States Code) receives notice in advance of the mobilization date. In so far as is practicable, the notice shall be provided not less than 30 days before the mobilization date, but with a goal of 90 days before the mobilization date.”

In certain situations USAR and ARNG forces are required for immediate mobilization. Most USAR and ARNG forces will be given at least 30 days’ formal notification to prepare for activation. However, should the operational situation warrant it, and upon approval of the Secretary of Defense, USAR and ARNG members may be ordered to active duty on the same day that their orders are approved and issued. See DoDI 1235.12, Encl 3, 6d.

(b) REDUCTION OR WAIVER OF NOTICE REQUIREMENT. “The Secretary of Defense may waive the requirement of subsection (a), or authorize shorter notice than the minimum specified in such subsection, during a war or national emergency declared by the President or Congress or to meet mission requirements. If the waiver or reduction is made on account of mission requirements, the Secretary shall submit to Congress a report detailing the reasons for the waiver or reduction and the mission requirements at issue.” Public Law 110-181, Section 515.

(2) Notification requirements for mobilization under § 12304(a) are exempt.

c. Dwell Requirement. Dwell is defined as the period of time between the release from active duty under 10 USC sections 12302, 12301(a), 12304 or 12304(b) and the reporting date for a subsequent tour of active duty under Title 10 U.S. Code 12302, 12301(a), 12304 or 12304(b).

d. Waiver Process. Per DoDI 1235.12, a Service Member may waive notification and/or
dwell requirements on a voluntary basis and must consent to the pending deployment. The SECDEF may order that individual through the SECDEF Orders Book Process (SDOB). Waivers can be secured through HQDA G-3/5/7 (DAMO-ODO).

2–3. USAR and ARNG Orders

Military Services will issue orders to USAR and ARNG members expeditiously in order to facilitate members' notification to employers and family. Below are key guidelines for mobilizing USAR and ARNG Soldiers in support of Contingency Operations:

a. Mobilization orders should be issued to Soldiers at least 30 days prior to their effective report date. Outlined below is specific guidance for drafting mobilization orders:

(1) Must include the phrase "in support of a contingency operation" for all activations under 10 USC 12302 or for specified contingencies under 10 USC 12304.

(2) The name of the supported operation (i.e. ENDURING FREEDOM).

(3) The applicable legal authority (statute) under which the member is serving (i.e. 10 USC 12301(d) for members serving voluntarily or 10 USC 12302 for members called to active duty involuntarily, and a reference to "Executive Order 13223, dated September 14, 2001.").

(4) The period of service under 10 USC 12302 is exempt from the five-year limit as provided in 38 USC 4312(c)(4)(A).

(5) The Secretaries of the Military Departments have each determined the period of service under 10 USC 12301(d) as exempt from the five-year limit as provided in 38 USC § 4312(c)(4)(B).

(6) Do not state "voluntary" or "involuntary" active duty in the order.

(7) Unit and individual orders will contain the statement "Call 1-800-336-4590 (National Committee for Employer Support of the Guard and Reserve) or check ESGR online if you have questions regarding your employment/reemployment rights."

b. Headquarter authorities will issue mobilization orders per AR 600-8-105 for USAR individuals, units, or DUIC units. The orders will include the information outlined in the above section.

2–4. The Involuntary Mobilization Orders Process

a. Individual mobilization orders are issued based on the unit, operation, authority, and dates established by the Department of the Army Mobilization Order (DA MOB Order).

b. Once the Continental U.S. Army (CONUSA) order is issued, the owning USAR or ARNG headquarters can issue individual mobilization orders. Commanders identify the Soldiers required and ready for mobilization by placing them on a battle roster tied to a mission specific deployment-manning document (DMD).

(1) U.S. Army Pacific (USARPAC) assigned forces (HI ARNG, 9th MSC); USARPAC
issues the unit mobilization station order.

(2) U.S. Army Europe (USAREUR) assigned forces (1st CSC); USAREUR issues the unit mobilization station order.

(3) U.S. Army Special Operations Command (USASOC) assigned forces (ARNG SOF, USACAPOC); USASOC issues the unit mob station order. Based on the CONUSA order, the unit begins coordination with the supporting command and the installation where the unit will mobilize.

c. CONUS and ASCC unit orders are processed and issued in DAMPS-U on the Non-Secure Internet Protocol Router (NIPR) network, part of the MOBCOP system.

d. USAR and ARNG Soldiers' individual MOB orders under 10 USC Sections 12302, 12304, 12304(a) (USAR only) and 12304(b) activations are issued by OCOIND. NATO Travel Orders and TCS orders (where applicable) are generated through DAMPS-OCOTCS.

2–5. Voluntary Mobilization Orders

a. Voluntary Active Duty: 10 USC § 12301(d) – USAR members may volunteer for active duty in support of contingency operations where the force requestor has a DA G-3/5/7 validated requirement. The Soldier may serve in CONUS, OCONUS or in a theater. ARNG Soldiers may serve on voluntary active duty when approved by their state.

b. Tour of Duty (TOD): TOD processes all voluntary requests for active duty in support of contingency operations, except for retiree recalls. For further information on retiree recalls visit the HRC website.

c. Medical: 10 USC § 12301(h) – USAR or ARNG Soldiers with a medical condition incurred or aggravated while serving on a mobilization or active duty period greater than 30 days may consent to remain on or return to active duty for the purpose of medical evaluation and treatment. For questions, contact MEDCOM, G1, Soldiers Transition branch at usarmy.usarc.ocar.mbx.army-reserve-warrior-transition-program@mail.mil. For further guidance,

DA MOBILIZATION ORDER

The DA MOB order specifies the unit, the number of personnel authorized to mobilize in the unit, the mobilization start date, the name of the operation supported, the duration of the unit's mobilization, and the authority (12302 or 12304, etc.) under which the mobilization is ordered. It also indicates the unit's home station location and the specific mobilization station. The DA MOB order triggers actions and authorizations within the Army to provide resources and support in order to increase the mobilizing unit's readiness prior to mobilization.

After the DA mob order is issued, the designated RA supporting command responsible for command and control, training support and validation of mission readiness prior to deployment, issues a unit mob order specifying the mob and de-mob locations and administrative instructions. This unit mobilization order, (aka the "CONUSA") may adjust the mob and de-mob locations from the DA mob order based on changes to capacity or other issues. For USAR and ARNG forces assigned to FORSCOM, the unit order is issued by First Army or by the owning ASCC.
see AR 600-77, Administrative Management of Wounded, Ill, or Injured Soldiers and AR 40-58, Warrior Care and Transition Program.

d. Sanctuary: The provisions of 10 USC § 12686 and AR 135-200 provide guidance for USAR and ARNG Soldiers on active duty (except for training), who reach 18 years, but less than 20 years of active Federal service. Once a Soldier reaches 18 years, he/she must contact the HRC Sanctuary branch and request a Sanctuary order. If the Soldier does not request a Sanctuary order, then the self-terminating order will remove the Soldier from active duty at the end of the mobilization period.

2–6. UCMJ Retention and Recall Actions

The authority for involuntary retention and recall of Reserve Component (RC) Soldiers on Active Duty (AD) is 10 U.S.C. § 802 (UCMJ, Article 2). Costs (to include pay and allowances, and all authorized travel) associated with disciplining USAR Soldiers, when involuntarily ordered to AD or involuntarily retained on AD by a Regular Army (RA) commander, will be paid from Military Personnel, Army appropriations (see AR 27-10, para. 20-2e).

a. Retention.

(1) Retaining a USAR or ARNG Soldier on AD is performed in accordance with AR 27-10, para. 20-4, and AR 135-200, ch. 7, sec. II. The requirements of AR 27-10, para. 20-3, do not apply to retaining a RC Soldier on AD.

(2) RA General Court-Martial Convening Authority (GCMCA) may involuntarily retain a RC Soldier on Title 10 status for the purpose of completing an investigation initiated with a view toward prosecution before the expiration of the AD, ADT, or AT period up to the date of completion of the disciplinary action. On receipt of notification by a GCMCA of intent to retain a Soldier, the order issuing authority will issue an amended order extending the end date of the original order.

(3) The standard operating procedure for issuing these types of orders is outlined below:

(a) Mobilized RC Soldiers pending UCMJ and/or court martial whether CONUS or OCONUS will be retained involuntarily on active duty until proceedings are completed. RC Soldiers retained on UCMJ orders are not authorized to receive per diem for meals and/or lodging. RC Soldiers will draw BAH for their assigned duty location. Commanders must counsel Soldiers about this requirement to ensure that precautionary measures are taken and appropriate lodging facilities are secured to avoid financial hardships.

(b) Unit commanders must submit a complete UCMJ packet via email to the servicing MPD. For Soldiers that processed through Fort Hood MFGI, email packets to herman.toro.civ@mail.mil. For Soldiers that processed through Fort Bliss MFGI, email packets to eric.birdsong.civ@mail.mil. For all other installations, contact the MPD for the appropriate POC to email the packets. Packets must include the following:

1. A memorandum of endorsement from the GCMCA. If the GCMCA holds the rank of 0-6, please include the appointment orders as GCMCA.
2. Soldier’s current orders (unit mobilization orders with annexes or individual orders with any amendments).

3. A signed DA Form 4187 by the commander to include reasons/justification, projected date of demobilization, requested number of days for retention (up to 179 days on first order), unit name and UIC for Soldier during duration of the extension, and point of contact and phone number for the owning unit and Judge Advocate.

(c) When the UCMJ actions are complete, the local Judge Advocate will forward a copy of the following documents (as applicable) to the Mobilization Station MPD in order to close the Soldier’s case:

   1. Statement of Trial Results or Recordings of Proceeding under Article 15.
   2. Charge Sheet.
   3. Confinement Order.
   4. DD Form 214 or complete Chapter packet
   5. Request for Prison Transfer
   6. Request for Orders (DA Form 2446)
   7. DA Form 4187 reflecting duty status change

NOTE: Once the trial is complete and the Soldier is sentenced to a CONUS confinement facility, the local Judge Advocate must immediately request through the mobilization station, MPD movement orders format 405/410 using a DA Form 2446 in order for the Soldier to PCS to a CONUS confinement facility.

(d) RC Soldiers who are required witnesses for court-martial proceedings cannot be involuntarily retained on active duty beyond their scheduled REFRAD date.

(4) For further information, contact IMCOM, MPD, Clifton.m.fosbenner.civ@mail.mil, Mobilization Support Branch, UCMJ Section at (210) 466-0335 for additional information.

b. Recalls.

(1) Recalling a RC Soldier to Active Duty (AD) is performed in accordance with AR 27-10, para. 20-3, and AR 135-200, ch. 7, sec. III. Any RC Soldiers, including those in a retired status, who are not serving on Active Duty (AD) are subject to UCMJ jurisdiction for offenses allegedly committed while serving in a Title 10 duty status. Involuntary recall orders may be issued for the purpose of a preliminary hearing pursuant to UCMJ, Article 32; trial by court-martial; and proceedings pursuant to UCMJ, Article 15. A Soldier may not be recalled to AD for the purpose of investigating an offense.

(2) The RA GCMCA may issue an order to recall an RC Soldier to AD. No other authority is required to recall the RC Soldier.
(3) However, no Soldier ordered to AD may be confined or deprived of liberty until the involuntary order to AD is approved or ratified by the Secretary of the Army or the Secretary of the Army’s designee (Assistant Secretary of the Army (Manpower and Reserve Affairs)). The requesting staff judge advocate will forward requests for the recall of RC Soldiers to AD to the Office of the Judge Advocate General – Criminal Law Division (OTJAG-CLD), in accordance with AR 27-10, para. 20-3.

(4) RA GCMCAs who involuntarily orders a Soldier to AD will immediately inform the ASCC and FORSCOM commanders, the state Adjutant General, the Commander, U.S. Army Reserve Command, and the Chief, National Guard Bureau, as appropriate, of the initiation of UCMJ action against the RC Soldier.

2–7. Strength Accounting and the “1095 Rule”

a. Operational Support (OS) is a category of voluntary duty that includes Active Duty for Operational Support (ADOS) (with several sub categories) and Full-Time National Guard Duty for Operational Support (FTNGD-OS). Governing policy for Operational Support is DoDI 1215.06. The NDAA FY 2005 made changes requiring revision to Army strength accounting procedures pertaining to Soldiers performing operational support duty under the provisions of Title 10 USC § 12301(d) and Title 32 USC § 502(f)(2).

b. RC Soldiers will refer to AR 135-200 for active duty requirements and guidance on manning and strength accounting, restriction of tour length exceeding 1095 within 1460 days, and the S-1 reporting requirements.

(1) Soldiers performing OS duties will count toward either the Active Duty or AGR end strength limitation of the component whose orders they are on duty for at the time their OS orders specify a period greater than three years, or if their OS service exceeds three cumulative years within the previous four-year period.

(2) RC Soldiers who cross either OS duty threshold (the 1,095 days either out of the previous 1,460 days or at the beginning of a tour when the orders specify a period of AD greater than three years) will count against the AD strengths.

(3) All RC Soldiers will receive training pursuant to assignments and required readiness levels. In order for an RC Soldier to be assigned to AD, he/she must complete basic training.

Utilization of the Total Force (dated 19 Jan 2007)
Section I
Introduction

3–1. Purpose

To provide guidance, business practices, and policies for all personnel deploying and redeploying from a theater of operation. This includes Regular Army (RA), United States Army Reserve (USAR), Army National Guard (ARNG), appropriated/non-appropriated DA Civilians, contractors, Army and Air Force Exchange Service (AAFES) civilian personnel, Red Cross volunteers, and any member of the other Services deploying or re-deploying in support of contingency operations.

3–2. Deployment Eligibility

Deployment eligibility is determined in accordance with regulations prescribed by the Secretary of the Army.

3–3. General Guidance

All military personnel must meet Soldier readiness standards per AR 600-8-101, Personnel Readiness Processing. All DA Civilians must comply with the requirements of AR 690-11, Use and Management of Civilian Personnel in Support of Contingency Operations, and DA PAM 690-47, DA Civilian Employee Deployment Guide. The deployment and redeployment of contractors authorized to accompany the force is governed by AR 715-9, Operational Contract Support Planning and Management.

Section II
Managing and Preparing for Deployment and Redeployment

3–4. Voluntary Separation Actions

a. If a Soldier is pending voluntary separation, discharge, or transfer to the Individual Ready Reserve (IRR) or the Retired Reserve, for anything other than maximum age or other disqualifying reason, the voluntary action must be effective prior to the unit/individual’s mobilization date. The chain of command handles voluntary and involuntary separations on a
b. Voluntary Separation Actions include Title 32 Active Guard-Reserve (AGR) Soldiers who have been non-selected by the Active Service Tour Continuation Board (ASTCB) and who have elected to retire. They must begin transition leave prior to publication of the unit alert order by HQDA. These Soldiers will continue to process for separation.

3–5. Deployment Packets

a. All deploying personnel will have a deployment packet prepared prior to departure from home station.

(1) RA Units and Individuals. The home station will initiate and complete deployment packages for RA units and individuals. All packets will be filed in iPERMS, in electronic format.

(2) RC and ARNG Units and Individuals. RC and ARNG units will initiate the deployment packet. All ARNG packets are contained within iPERMS, in electronic format. Mobilization stations will complete packets for RC and ARNG units and individuals. Once the DA Form 7425 (Readiness and Deployment Checklist) is processed, it will be placed in iPERMs.

(3) DOD/DA Civilians. Supervisors of DOD/DA Civilians and Civilian Personnel Administration Center (CPAC) offices will initiate and complete deployment packets for deploying Civilians. The CONUS Replacement Center (CRC) will complete deployment packets for Civilians who are deploying. The supervisor, CPAC, and CRC will retain copies of deployment packets. See DA PAM 690-47 (DA Civilian Employee Deployment Guide) for additional guidance.

(4) Contractors. As part of the deployment process for contractor employees, CRC will screen contractor personnel records, conduct theater specific briefings and training, issue theater specific clothing and individual equipment, verify that medical requirements for deployment (i.e. – immunization, DNA screening, HIV testing, and dental examinations) are complete, and arrange for transportation to the theater of operations. The contracting company is responsible for ensuring its employees receive all required processing information.

b. Mobilization Station. The servicing home station Military Personnel Office (MPO)/Military Personnel Division (MPD), parent unit/agency, or MFGI will ensure all documents for movement are in iPERMS. The MFGI will review the deployment/mobilization folder within iPERMS to verify that all required documentation is contained in the Soldier’s record.

(1) The following documentation is required:

(a) Mobilization packet.

(b) Relevant finance documents in iPERMS.

(c) DA Form 7425 (Readiness and Deployment Checklist).

(d) All documents required per DA Form 7425 (Readiness and Deployment Checklist) must be included with Military Packet.
(e) Individual Mobilization Packet (Civilian).

(f) MOS Administrative Retention Review (MAR2)/ Medical Duty Review Board (MDRB) determination or documentation of waiver approval by Military Medical Review Board Convening Authority (MMRBCA) for Permanent 3 or 4 PULHES physical profiles.

(g) Updated Retirement Points Statement, and if applicable, copy of 20-year letter.

(2) These documents are required in the event of an unfit finding by the Integrated Disability Evaluation System (IDES).

(a) Mobilization Finance Packet.

(b) Mobilization orders.

(c) Form W-4 (Employees Allowance Withholding Certificate) if a change of marital status or exemptions is required or if the Soldier desires to change the amount of additional Federal Tax Withholding.

(d) Approval letter from DFAS for secondary dependency. Documents include marriage certificate, divorced decree, birth certificate(s), and child support court order.

(e) DD Form 2367 (Overseas Housing Allowance (OHA) Report, Individual) to establish OHA entitlement for Soldiers called from an OCONUS location.

(f) DA Form 4187 (Personnel Action) for CONUS and OCONUS cost of living allowance (COLA) entitlements.

(g) DD Form 1561 (Statement to Substantiate Payment of Family Separation Allowance (FSA)) to establish Family Separation Allowance.

(h) Orders for incentive pay or special pay.

(i) Requirements for Civilian Packet (if applicable).

(j) DA Form 7425 (Readiness and Deployment Checklist).

(k) DD Form 1610 (Request and Authorization for TDY Travel of DoD Personnel) or other applicable movement orders.

(l) DD Form 93 (Record of Emergency Data).

(m) DD Form 2365 (DoD Expeditionary Civilian Agreement Emergency-Essential Positions and Non-Combat Essential Positions). DA Civilians occupying emergency essential positions will bring a copy of their signed agreement to the deployment site.

(n) DD Form 2766 (Adult Preventive and Chronic Care Flow Sheet).

(o) Medical Pre-Deployment Questionnaire.
Automated Employee Master Record (EMR)/printout SF 76A, Registration and Absentee Ballot Request - Federal Post Card Application.

3–6. Redeployment and Demobilization of RC and ARNG Individual Replacements

   a. Redeployment timeframe. Replacement Soldiers will redeploy with the unit to which they are assigned as a replacement regardless of time remaining on their mobilization orders unless the replacement Soldier received orders to remain in theater to fill another valid requirement. The Soldier may request orders by submitting a CO-ADOS packet.

   b. CRC/mobilization station (MOBSTA) coordination. If Soldiers mobilized through a CRC or MOBSTA, the demobilization station will coordinate with the CRC/MOBSTA to transfer individual mobilization files and to reconcile OCIE accounts. When CONUS based replacements are assigned to OCONUS based units, the Soldiers will redeploy to the appropriate CONUS-based CRC/MOBSTA for demobilization processing.

3–7. Personnel Tempo (PERSTEMPO)

   a. PERSTEMPO is a congressionally mandated program, directed by the Office of the Secretary of Defense (OSD). The PERSTEMPO functionality in Electronic Military Personnel Office (eMILPO) is an integrated system used by all three Army components. It is the Army’s method to track and manage individual rates of deployment (time away from home), unit training events, special operations/exercises and mission support TDY(s). The integration of Component data gives the Army a consolidated view of its deployment across all components and enables Army organizations to track and report individual deployments.

   b. The High Deployment Per Diem (HDPD) and General Officer Management were put on hold due to the National Security Waiver signed 8 Oct 2001, and remains suspended until further notice. Field and headquarters organizations will continue deployment data tracking and reporting in order for the Army to accurately assess the Soldier deployment. EMILPO users will input PERSTEMPO events in a timely manner. Generally, PERSTEMPO events should be entered prior to departure on TDY, operational deployment, exercises, unit training, or hospitalization away from duty station.

   c. Upon unit departure, each deployed Soldier must be reported through PERSTEMPO. Units should ensure accuracy when entering dates for deployment orders, TDY, and pay vouchers.

Section III
Theater Specific Requirements

3–8. Theater Specific Individual Requirement Training (TSIRT) for the U.S. Central Command (USCENTCOM) Area of Responsibility (AOR)

All personnel will execute the below training requirements prior to deployment to CENTCOM (click here for TSIRT Requirements Sheet):

   a. Pre-Certification. The first O-6 or Civilian equivalent in the rating chain may verify the training status on the pre-certifiable requirements by submitting the TSIRT Pre-certification
Memorandum (instructions for completing the memo are included). The Contracting Officer’s Representative (COR) will verify the training status on the pre-certifiable requirements for contractors. All are encouraged to have pre-certification complete prior to arrival at the CRC. If not complete, personal time will be limited. Individuals who arrive at the CRC without pre-certification will receive the required training at the CRC.

b. Online Training.

(1) Individuals can access online training at [https://atiam.train.army.mil/soldierPortal](https://atiam.train.army.mil/soldierPortal). Each individual accessing this site must have an AKO username and password to login. Once logged onto the site, click on the link labeled “What’s Hot” located under the Alerts section; click on “Theater- Specific Individual Requirement Training Course”. Successful completion of each block of instruction provided on this website will render the user a self-certifying completion certificate. An O-6 or Civilian equivalent in the rating chain is NOT required to verify the training status for instruction completed on this website. Individuals must bring copies of their certificates with them to the CRC.

(2) Individuals with a “sponsored” AKO account will not be able to access all training modules (OPSEC, Heat Injury, EO/POSH, and Report Intel Info). The CRC must verify training completion prior to deployment.

(1) All personnel traveling OCONUS on leave, TDY, or a deployment must complete a Pre-OCONUS Travel File Program Survey ([PRO-file](https://atiam.train.army.mil/soldierPortal)), which creates a digital ISOPREP File in the Personnel Recovery Mission Software (PRMS) database. Soldiers and Army Civilians must review their ISOPREP within 90 days of traveling OCONUS.

(2) Theater entry requirements vary. Use the FORSCOM Pre-deployment Guidance ISO CCMDS to determine individual requirements.

(3) MFGI Commanders will validate Personal Recovery (PR) requirements for units/individuals at Force Generation Platforms (FGP) and CRC prior to deployment. For further guidance, see AR 350-1 (Army Training and Leader Development), AR 525-28 (Personnel Recovery), FM 3-50.1 (Army Personnel Recovery), and FORSCOM pre-deployment guidance.

3–9. Theater Specific Individual Requirement Training (TSIRT) for the U.S. Africa Command (USAFRICOM) Area of Responsibility (AOR)

All Soldiers, DA Civilians, and DA contractors who travel or deploy to Africa must complete the training requirements accessible through Army Knowledge Online (AKO). U.S. Army Africa (USAFRICOM) training requirements must be completed to standard prior to entering Africa. Email completed USAFRICOM Training Certification Worksheet signed by the first O-6 in chain of command to the USAFRICOM Operations Management Center before travel to [USARAF.OPS@EUR.ARMY.MIL](mailto:USARAF.OPS@EUR.ARMY.MIL) or call DSN 314-635-4374//4377 or (39) 0444-71-4374 for questions.

a. Europe-based CRC. Army Individual Augmentees (IAs) with a Permanent Duty Station (PDS) in Europe are eligible to conduct pre-deployment processing with their assigned unit, and
b. IAs will redeploy through the same deployment site upon completion of their tour of duty. Exceptions are Soldiers redeploying with a unit to which they have been assigned or attached OCONUS. Requests to amend an order’s re-deployment site must route from the IA unit through USARAF and to First Army.

c. USAFRICOM Theater Entry Requirements.

   (1) The CCDR (CDR, USAFRICOM) determines the theater entry requirements for the USAFRICOM area of responsibility (AOR). These entry requirements pertain to all DOD military, Civilian and contractor personnel traveling in any capacity to and within the USAFRICOM AOR.

   (2) Review the Foreign Clearance Guide (FCG) for each country:

      (a) Located on NIPR at: https://www.fcg.pentagon.mil

      (b) Located on SIPR at: http://www.fcg.pentagon.smil.mil

   (3) Complete all Mandatory Training Requirements: All Soldiers, DA Civilians, and DA contractors who travel or deploy to Africa should visit the FCG for the destination country(ies) and complete mandatory training outlined in Section III, Paragraph 2c.

   (5) MEDICAL. Travel Health Preparation.

      (a) Medical assessment is required within four months of travel date.

      (b) All persons – Soldiers, Civilians, and contractors must be aware of the health threat (disease, food, water, insects, HIV) in the USAFRICOM AOR. There are two websites that provide this information:

         1. This site provides information on the health threat and requires CAC login – https://intellipedia.intelink.gov/wiki/USAFRICOM_Force_Health_Protection.

         2. This site provides a general health travel brief for the USAFRICOM AOR: https://www.intelink.gov/go/KxKFF2B.

d. If the above USAFRICOM sites cannot be accessed, then establish an Intel Link account at
ARMY MOBILIZATION AND DEPLOYMENT REFERENCE 2020

3–10. Theater Specific Individual Requirement Training (TSIRT) for the U.S. European Command (USEUCOM) Area of Responsibility (AOR)

All military and DOD Civilian personnel will complete all pre-deployment requirements IAW AR 600-8-101.

a. Non-unit Related Personnel (NRP). NRPs include members of the AC, USAR, ARNG, DA Civilians (appropriated and non-appropriated funded unless otherwise specified), DOD contractor personnel, AAFES employees, Red Cross workers and other service component members (Marine Corps, Navy, Air Force, and Coast Guard). Requests by other services or federal agencies for the use of Army CRCs by their personnel must also be approved by HQDA G-3/5/7 (DAMO-ODO).

b. Individual Redeployment. All personnel are required to redeploy back through the same deployment site upon completion of their tour of duty, except Soldiers who are redeploying with a unit to which they have been assigned or attached OCONUS. If a Soldier redeploys with a unit serviced by another Military Personnel Office (MILPO), then that MILPO is responsible for informing the original MILPO of the Soldier's return and coordinate REFRAD and separation in eMILPO.

There is currently no TSIRT information for this CCMD AOR. Any future TSIRT for a theater of operations in this AOR will be posted in this paragraph.

There is currently no TSIRT information for this CCMD AOR. Any future TSIRT for a theater of operations in this AOR will be posted in this paragraph.

3–13. CONUS Replacement Center (CRC)

a. The CRC's mission is to receive and process individual non-unit related personnel (NRP), Civilians, and contractors for deployment and re-deployment from the theaters of operations. The Army currently operates one CRC at Fort Bliss, TX.

b. Official mailing address: CONUS Replacement Center (CRC) 1733 Pleasanton Road, Building 1007, Fort Bliss, TX 79916.

c. All individuals are required to have a reservation prior to arrival at CRC IAW
ALARACT 023-2019. Soldiers and DoD Civilians can make their reservations online. For contractors, the reservation must be requested by the COR or contractor company representative. The reservation website requires a CAC and is accessible at https://mobcop.aoc.army.pentagon.mil. Click on “CRC MGMT” to request a reservation.

d. Information on report locations, times, packing list and required documents are located on the CRC website at https://home.army.mil/bliss/index.php/units-tenants/crc.

e. NRP deploying OCONUS will process through CRC Fort Bliss, unless an exception to policy is granted. NRPs include WIAS AC, RC, ARNG, DoD Army Civilians, DoD contractor personnel, AAFES employees, Red Cross workers, and other service component members (Air Force, Navy, Marines, Coast Guard). HQDA G-3 (DAMO-ODM) is the approving authority for any requests to utilize the Army CRC by other service components or federal agencies.

f. The CRC website provides practical information for the NRP individual requirements prior to arrival, what is expected at CRC, and returning back to CRC from redeployment, as well as specific information for each theater of operation. The site also contains instructions on how to prepare exception to policy (ETP) requests and a sample ETP memorandum.

CRC Operations - For questions or concerns relating to CRC processing.
24 hours/ 7 days a week operations: usarmy.bliss.5-ar-bde.mbx.crc-s3-op@mail.mil
Desk: 915-568-6296
Alt: 915-568-6694
Alt2: 915-568-6231
DSN: 312-978-6296

g. CRC Exception to Policy:

(1) TDY in theater 30 days or less is the only exception to CRC attendance and processing. These individuals will comply with AR 55-46 (Travel Overseas), Chapter 8.

(2) TDY of 31 days or greater will follow the guidelines below and process through the CRC Fort Bliss, Texas.

h. CRC Deployment Operations

(1) Arrival. All individuals for OCONUS deployment must arrive on Saturdays NLT 2200hrs and possess a valid CRC reservation. See CRC Reservations ALARACT 023-2019.

(2) Deployment Concept. CRC begins deployment processing on Sunday mornings. Processing concept includes the following categories

(a) Readiness - IAW AR 600-8-101, Personnel Processing. Medical SRP- IAW Combatant and/or ASCC surgeon medical requirements for the AOR.

(b) Training. Individual training requirements per FORSCOM Regionally Aligned Forces training requirements, AR 350-1 DTD 2018, and EXORD 114-19, Theater Entry Pre-Deployment Training ISO GCCs.
(3) Theater Specific Individual Requirement Training (TSIRT).

i. CRC Re-Deployment Operations

(1) All personnel are required to redeploy back through the same deployment site upon completion of their tour of duty, except Soldiers who are redeploying with a unit to which they have been assigned or attached OCONUS.

(2) If a Soldier redeployed with a unit serviced by another MILPO, then that MILPO is responsible for informing the original MILPO of the Soldier’s return and coordinate REFRAD and separation in eMILPO. See AR 600-8-101, Chapter 7.

(3) All individuals shall complete required tasks IAW DA EXORD 140-17. An individual’s duration at the CRC will depend on the time it takes from him/her to complete all required tasks.

4–1. Purpose

a. The purpose of this chapter is to provide guidance on individual augmentation (both voluntary and involuntary) for Soldiers, military retirees, and Department of the Army Civilians to fill requirements in support of national defense. This chapter gives an overview of:

(1) Identification of requirements.

(2) Personnel sources for fill (voluntary and involuntary).

(3) The process for fills (voluntary and involuntary), including management controls and individual personnel qualifications.

b. Definition of Individual Augmentation (IA) – An IA requirement is an unfunded temporary duty position identified on a Joint Manning Document (JMD) by a supported component command to augment operations during contingencies. IA positions may be filled involuntarily or voluntarily by Regular Army, Reserve, Army National Guard, and retired personnel as an “individual augmentee”. An Army Reserve Individual Mobilization Augmentee (IMA) assigned to and filling a designated IMA billet is not an IA. IA requirements are tracked using the Worldwide Individual Augmentation System (WIAS) and may be filled by individuals by an involuntary or voluntary order.

c. Definition of Active Duty for Operational Support (ADOS) – ADOS is individual voluntary support to meet the short term needs of the Army for operational support, administrative support, or contingencies. ADOS tours must be justified in the best interest of organizations and the Army rather than interests of the Soldier. ADOS may not be used for individual training, hospitalization, or UCMJ activities. Organizations may not use ADOS as long-term personnel augmentation or to evade personnel manpower ceilings. Tour of Duty (TOD) is the Army’s system of record for ADOS.

4–2. Identification of IA Requirements

a. Requirement building, analysis, sourcing, and tracking of IA requirements is
accomplished using the Worldwide Individual Augmentation System (WIAS), which is an integrated information system used throughout the augmentation life cycle. WIAS is used by supported and supporting commanders to record, manage, and track HQDA validated IA requirements. HQDA G-3/5/7 uses WIAS to task Army Commands (ACOM), Army Service Component Commands (ASCC) and Direct Reporting Units (DRU) for IA requirements. (See DA PAM 500-5-1).

b. Force requestors will build IA requirements in the MOBCOP portal within TOD in order to seek volunteers. For approval of IA fills, ACOMs, ASCCs and DRUs must follow the procedures outlined in CJCSI 1301.01F. Joint Individual Augmentation, and DA Pam 500-5-1.

4-3. Involuntary Mobilization of Individual Mobilization Augmentees (IMAs)

a. Army Reserve Soldiers assigned to IMA positions are subject to involuntary mobilization.

b. Units with assigned IMA Soldiers will:

   (1) Manage assigned IMA Soldiers in coordination with Human Resources Command (HRC), Fort Knox, per AR 140-145.

   (2) Determine the number of IMA Soldiers required for mobilization to support contingency requirements.

   (3) Submit IMA mobilization requests to HQDA G3/5/7 (DAMO-ODM) through the Department of the Army Mobilization Processing System (DAMPS) via NIPR. In DAMPS Sign and Submit Section, the force requestor should include the statement “This is an involuntary IMA mobilization”.

   (4) Notify those Soldiers of involuntary mobilization. For individual mobilization orders, coordinate through HRC, Reserve Mobilization Team, (AHRC-ROR-MOB), team email: usarmy.knox.hrc.mbx.rpmd-ord-ppa-MOB@mail.mil and team contact number is 502-613-4911.

   (5) Submit requests for mobilization extensions to HQDA G-3/5/7 IAW DoDI 1235.12, Accessing the Ready Reserves.

   (6) If the number of assigned IMA Soldiers is insufficient to meet mission requirements, request volunteers for CO-ADOS tours or Retiree Recalls through HQDA G-3/5/7 (DAMO-ODM).

c. HQDA G-3/5/7 (DAMO-ODM) will:

   (1) Validate IMA Soldier mobilization requests in DAMPS.

   (2) Maintain IMA mobilization strength data via DAMPS.

   (3) Approve CO-ADOS requests to meet validated contingency requirements or fill IMA billets when assigned IMA Soldiers are within required dwell periods.

   (4) Process extension requests IAW DoDI 1235.12.
(5) Contact US ARMY Pentagon HQDA DCS G-3-5-7 Mailbox OD Mobilization (DAMO-ODM), team email: usarmy.pentagon.hqda-dcs-g-3-5-7.mbx.od-mobilization@mail.mil

d. HRC will:

(1) Assign mobilizing IMA Soldiers to vacant IMA positions or positions approved for double slotting.

(2) Publish all approved IMA mobilization orders.

e. Upon completion of mobilization, IMA Soldiers will remain assigned and perform Inactive Duty, Active Duty, and Annual Training IAW AR 140-145.

4–4. Identification of ADOS Requirements

a. Active Duty Operational Support – Reserve Component (ADOS-RC) and Full-Time National Guard Duty Operational Support (FTNGD-OS) are performed in support of the Reserve Components and consist of a requirement for RC personnel supporting RC missions above and beyond the RC unit’s normal mission (such as exercises, projects, conferences, etc.). These are limited to non-contingency missions. An RC paragraph and line number must be identified for this requirement. Regular Army (RA) billets may not be used. Reserve Personnel Army (RPA) funds are used for ADOS-RC and National Guard Personnel Army (NGPA) funds are used for FTNGD-OS.

b. Active Duty Operational Support – Active Component (ADOS-AC) consist of three categories: Administrative ADOS (ADMIN–ADOS), Operational ADOS (OP–ADOS), and Contingency ADOS (CO–ADOS). Soldiers performing ADOS–AC occupy an AC positon during their AD period. ADOS–AC is paid from the Military Personnel Army (MPA) funds. An active component paragraph/line number must be valid and vacant for this requirement.

c. All ADOS requirements must be filled by volunteers. A description of the project or mission and the action or directive which created the need for the tour will be included in the TOD request. The request must also include a statement explaining why the project or mission is important and why currently assigned personnel cannot perform or complete it.

4–5. Validation and Approval Authorities for Title 10 USC 12301(d) Active Duty for Operation Support Requirements

a. Admin-ADOS Requirements. In accordance with AR 135-200, the DCS, G-1 (DAPE-MP) validates ADOS requirements for non-contingency, operational support missions funded by the MPA appropriation. The DCS, G-1 will use Tour of Duty (TOD) to validate ADOS requirements and approve Soldiers for fill against ADOS requirements. The DCS, G-1 revalidates and approves extensions of all ADOS requirements; tour lengths may cross fiscal years and clear justification is required for approving a single tour that will exceed 365 days.

b. CO-ADOS Requirements. In accordance with AR 135-200, the DCS, G-3 (DAMO-ODM) validates CO-ADOS requirements in support of contingency operations as defined in Title 10, USC, Section 101 (a)(13). The DCS, G-3 validates and approves specific Soldiers for fill
against validated CO-ADOS requirements, as well as revalidating and approving extensions of all CO-ADOS extension requests. The DCS, G-3 will use the DAMPS to validate CO-ADOS requirements and approve Soldiers for fill against CO-ADOS requirements. DAMPS information is available to HRC program managers to ensure there is an authoritative and reconcilable record of all CO-ADOS Soldiers.

c.  **OP-ADOS Requirements.** The DCS, G-3 (DAMO-ODM) validates OP-ADOS requirements for AC operational mission support above and beyond the unit’s normal mission; does not include Contingency Operations. The DCS, G-3 manages and funds the Soldiers to fill these mission requirements; tour lengths are constrained to the fiscal year (FY) and will not exceed 365 days.

### 4–6. Retiree Recall Requirements

Valid military retiree requirements will be determined based on existing and projected inventories of qualified Reservists in an active status in the Ready Reserve, the Inactive National Guard, or the Standby Reserve. Recall of military retirees will be used to fill Active Component shortages or to augment deployed or deploying units and activities or units in the CONUS, Alaska, and Hawaii supporting deployed units. Voluntary Regular and Reserve retirees may be used as a last resort manpower source. They should be activated only after other sources are determined not available or a source for unique skills is not otherwise obtainable (See DODI 1352.01 paragraph 1.2).

### 4–7. Sources of Manpower (Volunteers)

a. **Regular Army Soldiers** may volunteer to fill IA positions by contacting their branch manager at HRC. The commander of a volunteering Soldier must agree to release the Soldier before the Army G3/5/7 will formally task that commander’s ACOM/ASCC/DRU in WIAS. Soldiers may log on to the WIAS website, which is a portal to the Army Manning Documents and a source to manage augmentee requirements, sourcing, and accountability. (See [https://wias.hqda.pentagon.mil/default.aspx](https://wias.hqda.pentagon.mil/default.aspx))

b. **Reserve Component Soldiers** may volunteer to fill IA or advertised ADOS positions. RC Soldiers can go to the TOD website ([https://mobcop.army.mil/TOD/Default.aspx#](https://mobcop.army.mil/TOD/Default.aspx#)) to identify and apply for ADOS positions. For information on IA positions, RC personnel can go to the WIAS website, listed above in 4-6(a).

c. **Army National Guard Soldiers** may volunteer to fill IA or advertised ADOS positions. NG Soldiers can go to the TOD website ([https://mobcop.army.mil/TOD/Default.aspx#](https://mobcop.army.mil/TOD/Default.aspx#)) to identify and apply for ADOS positions. For information on IA positions, NG personnel can go to the WIAS website, listed above in 4-6(a).

e. **Department of the Army Civilian (DAC) personnel** may volunteer through “The Civilian Deployment Experience", which allows civilians to use their capabilities, experience, and knowledge as a crucial component of helping the Department of Defense accomplish its mission.
abroad. Individuals interested in applying their skills and experience in a unique environment can volunteer for open positions at https://www.cpms.osd.mil/expeditionary/.

4–8. Soldier Qualifications for Volunteer Duty

a. This guidance covers requirements for Soldiers to serve on initial voluntary or extension of ADOS tours. When Soldiers volunteer for any ADOS-AC tour of duty, the Soldier’s unit of assignment must verify the items listed below in paragraph 4-8(b). HRC will verify these items for Soldiers assigned to the Individual Ready Reserve, the Retired Reserve, and USAR IMA Soldiers. The National Guard Bureau and USARC will validate 4-8(b) for their respective Soldiers volunteering for ADOS-RC. All regulatory personnel requirements for mobilization apply without regard to a Soldier’s personnel classification prior to commencement of proposed duty.

b. Per AR 135-200 (6-5), a Soldier must:

(1) Meet the medical fitness standards in AR 40–501.

(2) Meet the Army weight control standards and body composition standards in AR 600–9.

(3) Have a valid APFT.

(4) Have a current periodic health evaluation.

(5) Have dental category 1 or 2. When SM is a category 3 or 4, MEDPROS must be updated. LHI vouchers are NOT accepted as verification.

(6) Have or be able to gain and retain the required security clearance.

(7) Meet grade and skill requirements.

(8) Not have a Suspension of Favorable Personnel Actions (Flag) per AR 600–8–2.

(9) Not attain 1,095 days of cumulative ADOS duty within the previous 1,460 day window. The 1,460 day window concludes at the end of the tour being requested.

(10) Not attain 17 years of AFS during the requested period of duty. HRC is the final authority on AFS calculations. If the force requestor or SM believes there is a mistake or documentation is not present in iPERMS, they must provide documentation (DD214 or orders) that will assist in reviewing the calculation.

(11) Per AR 140-145, IMA Soldiers must have express written consent from their assigned IMA agency allowing them to perform a tour of duty outside their assigned IMA agency. This is to be part of the Force Requestor request or it will be returned without action. The IMA Soldier is subject to transfer out of their IMA agency should they inadvertently be placed on tour without their IMA agency consent.

c. Exception to Policy (ETP) for 1095 and Sanctuary. In exceptional cases, (9) and (10) above may be waived by HQDA DCS G-1, DMPM. ETP requests must be signed by an O7 (or
SES equivalent), provide a compelling justification for the individual, and be included in the Tour of Duty packet. At a minimum, there must be evidence that the individual volunteer is uniquely qualified for the duty, or that other volunteers were sought but otherwise not qualified. The complete and validated packet must reach HQDA DCS G-1, DMPM with a minimum of 30 days from the requested start date to allow time for review of Soldier records, analysis, and routing for approval/disapproval.

4–9. Management Controls

a. Soldiers mobilized under 12301(a), 12302, or 12304(a) & (b) as part of a unit will REFRAD when the unit is demobilized. Soldiers may volunteer for subsequent tours, but may not serve under 12302. Soldiers transitioning without a break in service from a mobilization order to fill another manpower requirement will not go through a REFRAD process until the end of their final tour of duty. Soldiers who have a break in service between these periods of Active Duty will demobilize and REFRAD with their unit of assignment described above.

b. Regardless of the duration of ADOS/CO-ADOS orders, RC Soldiers remain in an RC status and commissioned officers remain on the Reserve Active Status List (RASL). RC Soldiers only move to active component management, including an officer’s placement on the Active Duty List (ADL), if they apply for and are approved for accession into the RA. RC Soldiers are counted against active component end strength after they exceed 3 out of four years of CO-ADOS and/or ADOS (more than 1095 days in the previous 1460 days) when their current order is funded from the RA MPA account.

c. Commanders are responsible to ensure Soldiers on ADOS orders REFRAD by the termination date on the orders and allow Soldiers enough time to use leave and out process. If mission is complete ahead of schedule, commanders may request early REFRAD and Soldiers’ orders may be curtailed. “Mission requirements” is sufficient justification for a REFRAD request.

Chapter Five
Medical and Dental

Section I
Introduction

5–1. Purpose

Provide medical and dental guidance for military (Regular Army, United States Army Reserve, and Army National Guard), government civilians (DA, Red Cross, AAFES,) and contractor personnel mobilized and/or deployed in support of contingency operations. Personnel transitioning to a combatant command (CCMD) area of responsibility (AOR) who are not specifically included in the first sentence, such as senior officials or visitors conducting short oversight or informational visits should seek specific medical advice that is tailored to their individual needs and travel itinerary from their supporting Medical Treatment Facility (MTF).

5–2. General Guidance

a. All Soldiers will undergo a complete Soldier Readiness Processing (SRP). Prior to deployment, Soldiers will complete the pre-deployment health assessment (pre-DHA). Upon redeployment, Soldiers will complete the post deployment health assessment (PDHA). Soldiers will also complete the post deployment health reassessment (PDHRA) between 90-180 days after redeployment. This applies to all Soldiers deploying OCONUS (i.e.- operational deployments, training events, humanitarian missions, etc.) for greater than 30 days, to locations not supported by a fixed U.S. military treatment facility. Additional post deployment requirements will be determined based on CCMD guidelines (IAW AR 600-8-101).

b. United States Army Reserve (USAR) and Army National Guard (ARNG)

(1) The Army National Guard (ARNG) and the US Army Reserve Command (USARC) are responsible for medically screening their forces prior to mobilization.

(2) Soldiers who fail to meet medical retention standards IAW AR 40-501, Standards of Medical Fitness, will not report to the mobilization station.

(3) ARNG and USAR commanders are responsible for certifying that their Soldiers completed the pre-mobilization medical/dental screening.
(4) Separation History and Physical Examination (SHPE): All USAR and ARNG Soldiers separating from Active Duty after 30 days or more in support of contingency operations must complete a SHPE as per HQDA EXORD 162-15. Commands are highly encouraged to have Soldiers complete the DD Form 2807-1 prior to arrival at the mobilization/demobilization site using the medical health assessment module https://rc.mods.army.mil/mha. Soldiers will complete SHPE immediately prior to separating from Active Duty.

c. Department of the Army Civilians (DACs).

   (1) DACs deploying in support of contingency operations and other emergencies (and employees of DoD or other federal agencies deploying through the Army) will complete SRP (DA Form 7425).

   (2) DACs who deploy with a unit will complete their deployment processing, including medical screening, with the deploying element (i.e.- the Brigade). DACs who are not deploying with a unit will complete their medical screening at their home station MTF, prior to departing for the CONUS Replacement Center (CRC). The MTF will provide free medical screening because it is a requirement for deployment.

d. Contractors. Medical screening for contractor personnel is the responsibility of the employing company. The CRC (or other authorized deployment-processing site) will validate that the contractors’ medical screening is complete.

5–3. Treatment Record Maintenance

   a. Maintenance of Service Treatment Record (STR) and Civilian Employee Medical Records (CEMR) upon Mobilization STRs of deployed military members and CEMRs of deployed civilians will not accompany them to deployed areas IAW AR 40-66. DoDD 6490.2 and DoD Instruction (DODI) 6490.3 state that, to the extent applicable, medical surveillance activities will include essential DOD civilian and contractor personnel directly supporting deployed forces, consistent with plans established under DODI 1400.32.

   b. If DD Form 2795 is used for civilians, the original form will remain in CEMR and copied into the electronic medical record (EMR) upon returning to their home station. All contractors receiving care in the MTF will have an electronic medical record.

Section II
Mobilization

5–4. Pre-Mobilization Requirements

   a. Soldiers who are identified with a pre-existing medical condition that renders them non-deployable within the first 25-days on orders will be released from active duty (REFRAD) back to their respective unit.

   b. Disqualifying conditions include temporary and permanent conditions that do not meet medical retention standards (see AR 40-501). SRP sites should report all 25- day REFRADs in the MEDPROS 25-day REFRAD Module.
c. The Soldier's Command will ensure that the Soldier receives appropriate follow-up medical care upon return to home station. Medical care should result in either a Return to Duty (RTD) status or MEB/PEB processing. Upon resolution of the disqualifying medical condition, individuals are subject to a subsequent order to Active Duty.

d. Administrative processing of a REFRAD order will be completed per the guidance and directive of the Mobilization Station/CRC. This applies to the following:

   (1) All RC, ARNG, and AGR Soldiers mobilized in support of contingency operations.

   (2) Does not apply to AC Soldiers.

   (3) 30-days and Pre-existing Medical Condition. Soldiers on active duty for 30 days or more with a preexisting medical condition, who fail to meet medical retention standards, will be released back to their RC units to undergo a non-duty related MEB/PEB processing prior to REFRAD (IAW AR 635-40). Soldiers with medical conditions that render them non-deployable (pre-existing or otherwise), who are retained on active duty for more than 30 days, must be retained on active duty for appropriate medical processing (IAW AR 600-77).

e. Medical evaluations for IRR Soldiers are completed using DA Form 7425 Readiness and Deployment Checklist. IRR Soldiers are screened for substance abuse at the Reception Battalion. Medical personnel will determine if a physical exam is required (see AR 40-502). If an IRR Soldier has a permanent or temporary medical condition within the first 25- days of mobilization, he/she will REFRAD IAW the 25-day rule policy and his/her medical records will get forwarded to the HRC Surgeon's Office (AHRC-SG) for disposition.

5–5. Documentation

Documenting Health Care in Medical Records: All medical issues will get documented in the individual's permanent or deployment health record while the Soldier is conducting contingency operations IAW AR 40-66.

a. All units/individual personnel must report to mobilization stations with the following:

   (1) Civilian Medical and Dental records for ongoing medical issues

   (2) Proof of immunization (e.g., SF 601, Health record-immunization record; PHS 731, International Certificate of Vaccination)

   (3) DD Form 2766, (Adult preventive and chronic care flow sheet or documentation from MEDPROS)

b. As part of the SRP pre-deployment process, all Soldiers will be screened for chronic maintenance medications that would preclude them from deploying as a result of a disqualifying chronic medical condition. All medications that the Soldier is currently taking will be entered into his/her Composite Health Care System (CHCS) / AHLTA (DoD’s Electronic Health Record) medication profile to ensure appropriate documentation of drug therapy and to screen for and prevent potential drug interactions or duplicate drug therapy overlaps.
c. Medical and Dental Records. Units supporting CONUS operations at or near military installations with MTF/DTF will travel with individual health and dental records and coordinate for storage with supporting MTF/DTF upon arrival at the duty location.

d. Individual Soldiers will not hand-carry the Service Treatment Record (STR). See AR 40-66, paragraph 5-27 regarding exceptions to policy.

e. Upon discharge, REFRAD, retirement, death, or transfer from USAR to ARNG, the Soldier’s STR will get forwarded to the transition center. If the Soldier is separating, then the transition center will forward the STR to the Veterans Affairs Records Management Center (VARMC). If the Soldier filed a disability claim, the STR will get forwarded from the VARMC to the closest Regional Medical Center.

f. Upon arrival at the duty location, medical and dental records will get submitted to the supporting MTF/DTF for maintenance and accountability. Units will coordinate the return of health and dental records to home stations.

g. In all cases, the unit commander is responsible for routing medical and dental records to the appropriate destination. Units will retain control of medical and dental records if care is provided by non-military sources.

h. DD Form 2766 (Adult Preventive and Chronic Flow Sheet). Soldiers deploying overseas (OCONUS) will deploy with DD Form 2766. The DD Form 2766 will be used as the deployment health record. Units/Soldiers will not deploy OCONUS with medical and dental records.

(1) Medical and dental records will be returned to home station following mobilization / deployment processing.

(2) Records will be returned to the demobilization station for review during medical out-processing. Upon return from an OCONUS deployment, the DA 2766 will be integrated into the Soldier’s medical record.

5–6. Line of Duty (LOD) Investigations

a. Soldiers (USAR and ARNG) returning from deployment must be evaluated by a medical provider (physician, physician’s assistant, or nurse practitioner) during the completion of a Post-Deployment Health Assessment (PDHA), DD Form 2796. The LOD determination process IAW AR 600-8-4 serves as the basis for authorizing orders and medical treatment or evaluation.

b. Soldier Recovery Unit (SRU). All Soldiers arriving at demobilization station and determined by military medical authority to have an LOD wound, illness, injury, or aggravated pre-existing medical condition incurred during the current deployment will be evaluated for SRU placement or remote medical management (RC Soldiers only). Consolidated guidance at: http://wct.army.mil/ - provides information on SRU. MEDCOM will publish 12301(h) orders if Soldiers remain on orders for medical reasons.

5–7. Medical Criteria and Testing

a. Medical Protection System (MEDPROS): Individual Medical Readiness (IMR) module is
the HQDA designated system for documenting all aspects of Soldiers’ medical readiness. MEDPROS also provides the medical readiness (including deployment health assessments) of DoD Civilians who deploy in support of operations.

b. Units will enter all appropriate data and vaccines administered to personnel participating in these operations into MEDPROS prior to arriving at the mobilization station.

5–8. Medically Evacuated Soldiers

a. Soldiers who are medically evacuated to a Veterans Affair (VA) hospital, MTF, or civilian hospital as inpatient for the evaluation and/or treatment of injuries incurred or aggravated and later moved into a SRU require a determination of medical processing time per AR 600-8-4, AR 600-77, and AR 40-58.

(1) Military medical authority must determine if a RC Soldier is expected to return to duty (RTD) from the time he or she is injured or becomes ill.

(2) Return to Duty (RTD) period: If the RTD period is less than 30 days, the Soldier will return to their organization.

b. Medical Retention Processing (MRP). If, during the course of a contingency mobilization or during demobilization processing, it becomes evident that a Soldier has incurred or aggravated a duty-related medical condition, the Soldier may be transitioned from operational mobilization orders to MRP-E (ARNG only) or SRU-E (USAR only) orders for evaluation into SRU or remote medical management. Eligibility criteria and application instructions are prescribed in AR 40-58 and Chapter 3 of AR 600-77.

c. Only Soldiers who require complex medical management will be eligible for SRU through packet approval routing with the Army Senior Commander as the decision authority. If approved, USAR and ARNG Soldiers will be placed on an SRU order.

d. Non-complex RC Soldiers will be remotely managed from a duty site close to their home of record. ARNG Soldiers may enter the Reserve Component Medical Care (RCMC) program and USAR Soldiers may enter the Remote Medical Management (RM2) program.

e. Soldiers Who Refuse Entry into the SRU. Soldiers who refuse entry into the SRU will be counseled on Incapacitation Pay (INCAP) and REFRAD immediately.

(1) Soldiers who incurred an illness, injury, disease, or aggravated a pre-existing medical condition during their current mobilization must be offered medical care prior to REFRAD.

(2) A military medical care provider will offer VA care only to Soldiers refusing entry into SRU. If the Soldier refuses SRU, he/she must sign a declination of SRU statement and be counseled by an individual knowledgeable in INCAP and TRICARE Transitional Assistance Management Program (TAMP) benefits.

5–9. Existing Medical Conditions

a. All personnel (SMs and DACs) with existing medical conditions may deploy if all of the
following conditions are met AND they meet the respective CCMDs current medical deployment guidance:

(1) The condition(s) is / are not of such a nature that an unexpected worsening is likely to have a medically grave outcome.

(2) The condition(s) is / are stable; that is, currently under medical care, and reasonably anticipated by the pre-deployment medical evaluator not to worsen during the deployment under that regimen of care.

(3) Any required ongoing health care or medications must be immediately available in-theater within the military health system, and have no special handling, storage or other requirements (e.g., cold chain, electrical power required).

(4) No significant duty limitation is imposed by the medical condition (the nature of the duty limitation or restriction must be considered). The Army Service Component Command (ASCC) Surgeon or CCMD Surgeon is the appropriate authority to evaluate the suitability of the individual regarding limitations needed in theater.

b. The Authority for Acceptability of Medical Conditions. The authority for acceptability of medical conditions and the availability of medications and required medical care in theater is the ASCC or CCMD Surgeon for the respective AOR to which the deploying individual will operate.

c. The Authority for Waiver. The authority for waiver of these requirements is the ASCC or CCMD Surgeon where the deploying individual will operate.

d. Exception to Policy (ETP) for Soldiers with HIV. Per AR 600-110, activities may request a waiver to this regulation by providing justification that includes a full analysis of the expected benefits and must include formal review by the activity’s senior legal officer. All waiver requests will be endorsed by the commander or senior leader of the requesting activity and forwarded through their higher headquarters to the G1 SR2 policy proponent (DAPE-ZA). The ETP process takes approximately 90 days and the waiver packet must include the following:

   (1) Memorandum from physician

   (2) Medical release form to authorize review (DD 2870: https://www.esd.whs.mil/Portals/54/Documents/DD/forms/dd/dd2870.pdf

   (3) DA Form 4187 – describing reason and policy line item (rationale) – endorsed by commander

   (4) Any substantiating documents that would support the request and demonstrate the benefit to the organization (performance evaluations, PT tests, etc.)

5–10. Medical Entitlements

   a. DoD civilian employees are entitled to full medical care in theater, including pharmacy support, equivalent to active duty military.
b. If the employee requires medical evacuation to CONUS, the sending MTF will assist the employee in making arrangements for transfer to a civilian facility of their choice. All costs associated with treatment and transportation of a DOD contractor to the selected Civilian facility will be the responsibility of the contractor.

5–11. Personnel Protective Equipment and Medications

a. Personnel assigned to duties in devastated urban areas where debris from damaged buildings is present and accompanied by blowing dust or fuel vapors will also have a special issue of the following item: respirator (either filtering face-piece respirators or half-face air-purifying respiratory). All issued respirators will be equipped with class 100/high efficiency particulate air (HEPA) filters and organic vapor cartridges.

b. Deployment and Mobilization Health Information. Information about staying healthy during mobilization and/or deployment will be provided to all deploying and mobilizing personnel.

c. Health threat briefing. All personnel are briefed on the health threat, including endemic diseases, environmental hazards, proper sanitation and hygiene, personal responsibility and preventive measures to maintain health. Health threat and prevention information is available from the US Army Public Health Center (USAPHC). The USAPHC Health Threat Briefing Resources site on AKO https://www.us.army.mil/suite/page/583959 provides a standardized set of Core Medical Threat Briefing slides, along with a list of resources and instructions for customizing the Core slides to meet individual mission-specific needs.

d. Health information graphical training aids (GTAs). Each person deploying or mobilizing will be provided individual health information regarding health threats and personal procedures to protect themselves.

5–12. Redeployment Medical Processing

Upon redeployment from overseas locations, all individuals will undergo medical processing at the deployment platforms, mobilization stations/installations and CONUS Replacement Centers or equivalent deployment processing sites.

5–13. Medical Logistics

a. The Installation Medical Supply Account (IMSA) will support all customers in their Area of Support Region or as directed in the case of contingency operations (i.e. Defense Support of Civil Authorities (DSCA) support). Customer accounts will be established at the supporting IMSA. MEDLOG support will also be provided to other governmental agencies as directed.

b. All transactions for supplies, equipment, and services will be coordinated through the local Regular Army (RA) Medical Logistics Company (MEDLOG) or RC regional supporting medical command, 90-days prior to reporting to the mobilization station. In instances where there is no Medical Logistics Company, all support for supplies, equipment, and services will be coordinated through the IMSA.
POINTS OF CONTACT:

For preventive medicine and medical threat information at OTSG, call the Preventive Medicine Staff Officer at DSN 761-6043, COMM (703) 681-6043.

Section I
Introduction

6–1. Purpose

Provide personnel policy guidance pertaining to entitlements, allowances, and authorizations for military (Active and Reserves) and civilian (DA/DoD, Red Cross, AAFES, Contractor) personnel who are mobilized and/or deployed in support of contingency operations.

6–2. Chapter Layout

This chapter is organized into four sections (not including this one). Section II covers pay and allowances. Section III covers group life insurance and benefits for dependents. Section IV lists and describes the various entitlement and relief programs available to Soldiers and their Families. Section V addresses travel and leave as well as the storage of household goods (HHG) and privately owned vehicles (POV).

Section II
Pay and Allowances

6–3. Military Pay

a. Basic Pay

(1) DFAS-Indianapolis will pay all Regular Army (RA) and AGR Soldiers utilizing the Defense Joint Military Pay System (DJMS-AC). Pay for mobilized Reserve Component (RC) Soldiers will remain on the RC pay system (DJMS-RC).

(2) Soldiers must use direct deposit (electronic funds transfer) in order to receive military pay and allowances. Direct deposit to a checking account rather than a savings account is preferable so members can access their pay during deployment.

b. Advance Pay

(1) An RC Soldier in receipt of orders for PCS movement (140 days or more) is entitled to
advance pay per DoD FMR 7000.14-R, Vol 7a, Chapter 32. Army enlistees, with no prior service, may receive advance pay under the conditions set forth in DoD FMR 7000.14-R, Vol 7a, Chap 57, Table 32-1, rule 4.

(2) An RC Soldier, who is mobilized or recalled to AD for any period is entitled to advance pay and allowances per DoD FMR 7000.14-R, Vol 7a, Chapter 32.

(3) Soldiers must repay the Advance pay by the end of the mobilization order.

(4) In the event of an early REFRAD, the amount owed becomes a debt and a payment schedule is established before the Soldier separates, REFRADs, or is discharged.

c. Disability Severance Pay

(1) The active Army installation is responsible for the disability severance pay for mobilized RC Soldiers because that installation is processing the RC Soldier’s disability discharge or separation.

(2) Severance pay is calculated in accordance with (IAW) the DoD FMR 7000.14-R, Volume 7a, Chapter 35. The RC organization is responsible for the disability severance pay for RC Soldiers who are not mobilized. See AR 635-40 and DODI 1332.38.

d. Foreign Language Proficiency Bonus (FLPB). Soldiers who qualify to receive FLPB and who are deployed within the FLPB testing period will continue to receive the FLPB until retested within 180 days after they return to their permanent duty station (PDS) IAW Title 37 Section 316a. FLPB orders must be amended or issued to cover the period of mobilization until 180 days after redeployment. (See AR 11-6, 6-6a.)

e. Hardship Duty Pay – Location (HDP-L). HDP-L is additional compensation paid to Soldiers at locations where living conditions are substantially below those normally found within the continental United States and to provide equity across DoD for Service members assigned to these locations. The locations are designated by the Assistant Secretary of Defense for Force Management Policy. Authorized rates for specific countries are listed in the DoD FMR 7000.14-R, Vol 7A, Chapter 17.

f. Imminent Danger Pay (IDP)

(1) IDP is paid to a Soldier who is subject to the threat of physical harm or imminent danger on the basis of civil insurrection, civil war, terrorism, or wartime conditions in a foreign area. The Assistant Secretary of Defense for Manpower and Reserve Affairs ASD (M&RA) designates IDP locations based on the relevant geographic Combatant Commander’s assessment.

(2) IDP is pro-rated at $7.50 per day for a maximum amount of $225 in a calendar month. Visit the following link for more details: http://www.dfas.mil/militarymembers/payentitlements/specialpay/hfp_idp.html.

(3) For a complete listing of locations authorized IDP, see DoD FMR 7000.14-R, Vol 7A, Chapter 10.
(4) IDP entitlement begins upon entry into a designated area and stops the day the Soldier departs the designated area.

(5) Special Situations:

(a) A Soldier entitled to IDP immediately before entering a status of missing, missing-in-action, interned in a foreign country, or captured by a hostile force will continue to be credited with IDP for each month while in such a status.

(b) A member entitled to IDP, who is hospitalized for a wound or injury incurred as a result of hostile action, or while in the line of duty, incurs a wound, injury, or illness in a combat operation or combat zone designated by the Secretary of Defense, and is hospitalized outside of the theater of the combat operation or the combat zone for the treatment of the wound, injury, or illness, is entitled to IDP for each month of hospitalization and continues up to an additional 3 months after the month in which the wound, injury, or illness occurred. Members may be entitled to IDP for up to 12 months from the date of hospitalization under the Pay and Allowance Continuation (PAC) Program. See DoD FMR 7000.14-R, Vol 7A, Chapter 13 for PAC entitlement eligibility.

g. Hostile Fire Pay (HFP)

(1) A RC Soldier is entitled to HFP or IDP for any month that he/she is entitled to basic pay for active duty or compensation for inactive duty. This includes instruction received or duty performed on a Sunday or holiday and duties as the Secretary Concerned may prescribe. A RC Soldier is not authorized to receive concurrent payments for hostile fire and imminent danger duty.

(2) HFP is paid at the rate of $225 per month to a Soldier who:

(a) Performs duty in a hostile fire area;

(b) Is exposed to a hostile fire event;

(c) Is on duty in an area during a month in which a hostile event occurred that placed the member in grave danger of physical injury; or

(d) Is killed, injured, or wounded by a hostile fire event.

(3) Certification of Hostile Fire Event: The appropriate on-scene commander must certify that the Soldier was subjected to hostile fire, explosion of hostile mines, or other hostile action during a specific period. A death certificate or incident report documenting a Soldier’s injury or wound from a hostile fire event may serve as a substitute for certification for purposes of HFP, as long as the document establishes that the cause of death, injury, or wound was due to a hostile fire event.

(a) Certification must include the name and appropriate payroll identification number of each Soldier eligible to receive HFP, a short description of the incident, and when and where it occurred.

(b) The certification will be forwarded directly to the servicing financial support office.
via the geographic Combatant Commander exercising operational control over the Service member(s) at the time of the hostile fire event.

(c) The geographic Combatant Commander will retain the certification in order to respond to periodic requests from the ASD (M&RA) for summary data on HFP-related events and circumstances.

(4) Special Situations:

(a) A Soldier entitled to HFP immediately before entering a status of missing, missing-in-action, interned in a foreign country, or captured by a hostile force will continue to be credited with HFP for each month while in such a status.

(b) A Soldier entitled to HFP who is hospitalized for a wound or injury incurred as a result of hostile action, or while in the line of duty, incurs a wound, injury, or illness in a combat operation or combat zone designated by the Secretary of Defense, and is hospitalized outside of the theater of the combat operation or the combat zone for the treatment of the wound, injury, or illness, is entitled to HFP for each month hospitalization continues up to an additional 3 months after the month in which the wound, injury, or illness occurred. Soldiers may be entitled to HFP for up to 12 months from the date of hospitalization under the Pay and Allowance Continuation (PAC) Program. See DoD FMR 7000.14-R, Vol 7A, Chapter 13 for PAC entitlement eligibility.

h. Jump (Parachute) Pay. Authorized for Soldiers currently receiving jump (parachute) pay. The appropriate commander, grade O-7 or above, may waive the minimum jump requirement when a Soldier is unable to perform a jump due to combat operations or while operationally deployed. Upon returning from deployment, the Soldier must complete airborne refresher training and jump within 3 months. Commanding officers, in the pay grade of O-5 or above, may waive the jump requirement for one jump during a 12-month period when a member is unable to jump due to the non-availability of jump equipment or aircraft, attendance at military education or training of less than 179 days, or inclement weather. Members must maintain their proficiency through refresher training in lieu of jumping in order to retain eligibility for jump (parachute) duty pay during the waived period.

i. Medical Specialty Pay

(1) RC Health Care Professionals ordered or called to active duty greater than 30 consecutive days are entitled to Medical Specialty Pay. Health Affairs Policy 08-011 provides the pay rules, policies, and list of qualifying professions.

(2) Medical officers must be qualified, including board certification. If inability to complete board re-certification is due to participation in the contingency operation, re-certification may be waived but must be completed within 180 days after returning from the contingency operation IAW Title 37 USC Section 303b.

(3) Required documents to receive specialty pay include:

(a) Copy of mobilization/active duty orders (including amendments);

(b) Inter-facility credentials transfer and privileging brief, if available; and
(c) Documents of previous extended active duty periods - DD Form 214 and chronological statement of retirement points (USAR uses form ARPC 249-2-E, ARNG uses NGB Form 23B).

(4) Consolidate documentation at the unit and forward to AMEDD Special Pay Branch, Office of the Surgeon General, ATTN: DASG-PTP, 5109 Leesburg Pike, Falls Church, VA 22041-3258, or (703) 681-1209, DSN 761. **Must receive documents 30 days prior to arriving at the CRC.**

(5) AMEDD special pay branch determines eligibility and coordinates with RC DFAS-Indianapolis center for payment. DFAS executes payment on a pro-rated basis starting after the first 30 days, retroactive to entry date.

j. Separation Pay Non-Disability (6-Year Rule)

(1) Per **Title 10 USC Section 1174c**, any Soldier who is discharged or released from active duty after completing more than 6 but less than 20, continuous years of active service, may be entitled to separation pay. Soldiers involuntarily discharged or released from active duty, or not accepted for an additional tour of active duty for which he/she volunteered are not eligible for separation pay non-disability. To be eligible for separation pay non-disability, the Soldiers must receive an honorable separation, be fully qualified for retention, and agree to serve 3 additional years in the Ready Reserves. This rule includes RC Soldiers serving on mobilization on ADOS orders. Eligibility for Separation Pay Non-Disability must be annotated on DD Form 214.

(2) If a Soldier later becomes eligible for retirement and receives retired pay, the Army will recoup the separation pay, including any tax liability. See **DoDI 1332.29** and DoD FMR, Vol 7A, Ch. 35, 3502.

6–4. Military Allowances

a. Basic Allowance for Housing (BAH)

(1) AC and AGR Soldiers in receipt of BAH at their PDS will continue to receive this allowance provided they retain eligibility to receive BAH and are not issued PCS orders.

(2) A RC Soldier called to active duty in support of a contingency operation is eligible to receive BAH based on his/her primary residence unless given authorization for a household good (HHG) shipment. If a HHG shipment is authorized, then the BAH is based on the duty station and not primary residence.

(3) RC Soldiers whose primary residence changes while on active duty will continue to receive BAH and per diem entitlements (if applicable) based on their primary residence at the time ordered to active duty. A mortgage or lease agreement is not required to receive BAH based on the primary residence for an RC Soldier called to active duty in support of a contingency operation.
b. Overseas Housing Allowance (OHA)

(1) AC and AGR Soldiers in receipt of OHA at their PDS will continue to receive this allowance provided they have housing costs (renting or owning the primary residence) and are not issued PCS orders.

(2) RC Soldiers mobilized from an overseas location will receive OHA when accessed onto active duty based on their primary residence at the time ordered to active duty unless authorized a household good (HHG) shipment. If a HHG shipment is authorized, the OHA is based on the duty station and not primary residence.

(3) In order to receive OHA, a Soldier must have a housing expense (lease or mortgage) and a certified DD Form 2367 (Individual OHA Report).

(4) In order for a Soldier to receive the correct OHA payment, he/she must provide the in-processing finance office the appropriate documents for all housing and utility costs.

c. Cost of Living Allowance (COLA)

(1) AC and AGR Soldiers located in CONUS or OCONUS locations, who are authorized CONUS or OCONUS COLA, will continue to draw COLA as determined by the area to which they are permanently assigned.

(2) RC Soldiers mobilized from an overseas location may receive OCONUS COLA based on their primary residence at the time ordered to active duty. CONUS COLA is determined by the Soldier’s primary residence ZIP code.

d. Recertification of Housing Allowance

(1) Commanders are responsible to ensure Soldiers receiving BAH/OHA at the with-dependent or BAH-Differential (DIFF) rates have the required dependent documents in iPERMS.

(2) The Soldier will provide any missing documents to his/her supporting human resources specialist for immediate upload to iPERMS.

(a) BAH Required Documents. Soldiers who do not have a current DA Form 5960 in iPERMS will certify their BAH by completing a DA Form 5960. A company level commander can certify the DA Form 5960. Commanders may delegate in writing certification authority to the first commissioned officer in the Soldier’s chain of command. A delegation of authority, if applicable, must accompany the DA Form 5960.

(b) OHA Required Documents. Soldiers who do not have a current DD Form 2367 (Individual OHA Report) in iPERMS will certify their OHA by completing a DD Form 2367. A lease or mortgage agreement must accompany the DD Form 2367. A company level commander can certify the DD Form 2367. Commanders may delegate in writing certification authority to the first commissioned officer in the Soldier’s chain of command. The delegation of authority must accompany the DD Form 2367.
(3) Soldiers receiving BAH/OHA based on a secondary dependent (i.e. - parent, step-parent, in-law, ward of a court, etc.) must upload the approval memorandum from the Defense Finance and Accounting Service (DFAS). For deployed Soldiers, an approval memorandum from the Soldier’s company level commander may be uploaded to iPERMS, stating the commander has personally reviewed the Soldier’s approval in the DFAS secondary dependency claims online system and DFAS approved the Soldier’s claim on DD MM YYYY (date of approval) in lieu of the DFAS approval memorandum.

(4) Deployed Soldiers have 60 days to comply with recertification requirements upon returning from post deployment leave.

(5) Soldiers who do not recertify the with-dependent housing allowance will be reduced to the current without dependent housing allowance rate. Rate protection at the old rate is lost and will not be reinstated.

e. Dependent Custody Effects on Housing Allowances

(1) Single Soldiers who are requesting to receive BAH/OHA at the with-dependent rate and/or BAH-DIFF rate based on a dependent child are required to be the custodial parent by having legal and physical custody or by paying monthly child support to the custodial parent in at least the BAH-DIFF amount for the Soldier’s grade. For the purpose of housing allowances, legal custody is defined as having a court order awarding the Soldier as the custodial parent. Physical custody is defined as the child living in the same residence as the Soldier on a non-temporary basis, for a period of at least 90 consecutive days.

(2) Single Soldiers who occupy a residence with their dependent child(ren), adopted child(ren), illegitimate child(ren), and/or step child(ren) may be authorized to receive a with-dependent housing allowance. The Soldier must show proof of parentage and either submit court documents awarding the Soldier legal and physical custody for at least 90 consecutive days, or provide proof of support.

(3) Proof of parentage. Soldiers are required to provide a birth certificate(s). A properly certified DNA test or court declaration establishing proof of parentage is also acceptable if no birth certificate(s) are available.

(4) Proof of support. When paying monthly child support, a cancelled check, money order, electronic fund transfer (EFT), voluntary allotment, and involuntary allotment constitute proof of support. EFT payments made via bank account deduction or PayPal account is also acceptable. However, all transactions must reflect monthly payments to the custodial parent. The amount of support must be in an amount that is at least the current BAH-DIFF based on the Soldier’s grade. In child support payment cases, a joint bank account or letter signed by the custodial parent attesting to support payments are not acceptable as proof of support. Soldiers are not authorized a housing allowance on behalf of the dependent for payments less than the BAH-DIFF.

f. Secretarial Waiver Process

(1) A housing allowance is based on the Soldier’s permanent duty station. However, a Secretarial waiver may be considered when it is determined that a Soldier’s assignment to a
duty station, or the circumstances of that assignment, requires a dependent to reside separately.

(2) The Secretarial waiver process is used to determine reasons for a BAH or OHA waiver. The purpose of the Secretarial waiver program is to stabilize the Soldier’s dependents for a relatively short period of time when circumstances require dependents to reside separately.

(3) The waiver program applies to active duty Title 10 and Title 32 Soldiers, who are authorized BAH, OHA, or COLA at the with-dependent rate. Dependents must reside with the Soldier at the previous duty station prior to departing on PCS or at a government approved designated location.

(4) To be eligible for a waiver, a Soldier's dependents must reside with them prior to PCS unless the member is serving on an unaccompanied tour. The dependents must continue to reside at the previous duty station or government-approved designated place. A previous duty station is defined as the location of the last duty station in which shipment of household goods at government expense was authorized. The government approved designated place is defined as the location to which the government authorized movement of dependents in accordance with the Joint Travel Regulation (JTR).

(a) The following circumstances qualify for consideration of a Secretarial waiver:

1. Deployment. Soldiers who receive PCS orders to units deploying within 12 months of their arrival to the new permanent duty station, including individual Worldwide Individual Augmentation System (WIAS) taskers may be considered. Soldiers must deploy within 12 months of arrival to the unit. Waivers will be considered for single Soldiers returning from an overseas assignment who must activate their command-approved family care plan or relocate their family to the home of record due to the Soldier's assignment to a unit that is scheduled to deploy within 12 months of their arrival to the duty station. A copy of the individual deployment order or a memo signed by a field grade officer at the gaining command verifying the Soldier's deployment month, year, and deployment period must accompany the Soldier’s request.

2. RC Soldiers ordered to active duty for 365 days or less. RC Soldiers with dependents who want to receive BAH based on the primary residence at the time the order was issued may be considered. Soldiers must be authorized PCS allowances from their primary residence in the United States to the duty location in the United States and intend on returning to their primary residence at the conclusion of the tour of duty.

3. RC Soldiers without dependents called to active duty overseas for 365 days or less. RC Soldiers called to active duty for an OCONUS assignment may request an OHA based on the PDS if government quarters is not available. Soldiers must be authorized PCS allowances, but not household goods, from their primary residence to the duty location and intend on returning to their primary residence at the conclusion of the tour of duty.

(5) To request an exception, Soldiers may submit requests electronically to usarmy.pentagon.hqda-dcs-g-1.mbx.dape-prc@mail.mil. Submit hardcopy requests to Headquarters, Department of the Army, Office of the Deputy Chief of Staff, G-1, Attn: DAPE-
The following documents are required for the waiver request packet in PDF format:

(a) A signed memorandum from the Soldier requesting the waiver with a stated reason.

(b) PCS order assigning the Soldier to the new PDS. Requests for orders (RFO) are not acceptable.

(c) PCS order assigning the Soldier to the old PDS. RFOs are not acceptable.

(d) Supporting documentation: Deployment orders for AC and AGR Soldiers. RC Soldiers in OCONUS location are required to provide a lease or mortgage agreement verifying housing expenses.

(e) Current leave and earnings statement (LES).

(f) Other supporting documentation as required by HQDA.

(6) Enlisted soldiers below the grade of E-7 or officers below the grade of O-4 must have their requests endorsed with a signature by the first field grade officer in their chain of command.

(7) Requests must include a contact phone number, fax number, email address, and mailing address when sending correspondence. Notification of approval/disapproval will be sent via electronic mail to the Soldier's AKO or global email address.

(8) Soldiers must provide a copy of their approved waiver to their servicing finance and personnel offices.

(9) A waiver approved under this authority is effective on the date the request was received at HQDA, DCS G-1, or the date the waiver is approved. Waivers will expire as specified in the approval memo. Waivers may be extended on a case-by-case basis based on the merits of the request.

**g. Basic Allowance for Subsistence (BAS)**

(1) BAS partially offsets the costs of a Soldier’s meals. All Soldier’s entitled to basic pay are also entitled to full BAS except when they are undergoing Basic Military Training, including initial officer training (Officer Candidate School, Officer Training School) and have no continuous prior enlisted service (active or reserve).

(2) While receiving BAS, Soldier’s will pay for any meals received from the Government, or provided on behalf of the Government.

(3) The Army will collect the discount meal rate, using mandatory pay account collections, from all members assigned to Essential Station Messing (ESM), Essential Unit Messing (EUM), field duty, sea duty, or group travel regardless if the meals are eaten or not.

(4) Contingency Operation Deployments: Soldier's permanently assigned to live in single
government quarters assigned in a routine TDY status to a contingency operation (commonly referred to as a TCS) will have their mandatory pay account collections stopped for the duration of the deployment. Mandatory pay account collections will restart within 30 days of arrival/redeployment to home station. All TCS Soldiers receive the incidental rate of per diem.

(5) Soldiers residing on government installations with dining facilities must use the dining facilities. If Soldiers live off the installation, then there is no requirement to return to the installation to obtain a meal when not on duty. The same rule applies to Soldiers in a TCS status who are preparing to mobilize or deploy into theater.

(6) Soldiers authorized full per diem must pay for any meal received at the dining facility at the standard meal rate. Soldiers not authorized per diem must pay the discount meal rate for any meal received at the dining facility.

(7) Dining facilities will use headcount sheets specifically for contingency operations "when Point of Sale (POS) systems are down" to capture the meals received for the breakfast-lunch-dinner (B-L-D) reports to enable the ACOMs, ASCCs, DRUs, or COCOMs to receive reimbursement for mess usage. When government meals are not available, the installation commander will make the determination of mess availability and issue a Statement of Non-Availability (SNA), if applicable.

(8) Issuing a Statement of Non-Availability (SNA). When issuing a SNA, installations will include the following items:

(a) Soldier’s name

(b) Unit orders listing unit personnel

(c) Unit assigned/attached

(d) TCS Location

(e) If lodging is not available, the dates of non-availability

(f) If meals are not available, the dates meals were not available

(g) Periods of Proportional Meal Rate (PMR)

(h) Days meals are provided to the Soldier (Soldiers must annotate the number of deductible meals on their accrual voucher).

h. Family Separation Allowance (FSA). Soldiers in a TCS status may be authorized FSA at the rate of $250 per month, IAW Chapter 27, DoD FMR 7000.14-R, Vol 7A, when a Soldier is away from their primary duty station (for mobilized RC personnel this is their principal residence) continuously for a period of 30 days and the Soldier’s dependents are not residing at or near the TCS station. Army/service member married couples who were living together prior to and immediately before the deployment and single Soldiers with authorized primary dependents are also authorized FSA. FSA is payable to both married members when they reside together with their dependents immediately before being simultaneously assigned to duty assignments as prescribed in subparagraphs 270103.A.1 through 3. The dual allowance shall continue until one
of the members is no longer assigned to one of those duty assignments. The other member shall continue to receive the allowance until no longer assigned to one of those duty assignments.

Section III
Benefits

6–5. Life Insurance

a. Servicemembers’ Group Life Insurance (SGLI)

   (1) SGLI coverage for AC and RC Soldiers is available in $50,000 increments up to the maximum of $400,000.

   (2) Soldier’s must complete the SGLV Form 8286 online via milConnect in order to increase or decrease coverage, decline coverage, or designate beneficiaries.

b. Family Servicemembers Group Life Insurance (FSGLI)

   (1) FSGLI coverage was implemented IAW Public Law 107-14, Veterans Survivor Benefits Improvement Act of 2001. This law revised FSGLI provisions to: (1) permit members to purchase a maximum of $100,000 in SGLI coverage for their spouses; and (2) automatically extend $10,000 to service members’ children. Enrollment in FSGLI is automatic and FSGLI premiums are mandatory, unless the Soldier opted out of the FSGLI program.

   (2) To decline FSGLI, a Soldier must fill out VA Form 8286a online via milConnect. Dual military couples must decline coverage in writing by completing the same form.

   (3) RC Soldiers changing from drilling to mobilized active duty status and back again must update their FSGLI status during their status change online via milConnect.

   (4) Additional information and download of forms is available at https://www.benefits.va.gov/insurance.

6–6. RC Soldier Dependents Benefits

a. Eligible dependents of RC Soldiers ordered to active duty for more than 30 days are eligible for the same benefits (i.e.- healthcare benefits, commissary/exchange privileges, legal assistance, access to MWR facilities, etc.) as dependents of active Army Soldiers.

b. Dependent access to Dental Treatment Facilities is limited and enrollment in the TRICARE Dental Program is encouraged for eligible dependents.

c. Eligible dependents can receive a DD Form 1173S (privilege card), an active duty dependent ID card, or may continue to use their DD Form 1173-1S (Reserve dependent ID card) along with a copy of the Soldier’s active duty orders in order to use facilities and receive benefits.
6–7. ARNG Eligibility for Post-9/11 GI Bill Educational Benefits

Section IV
Support and Relief Programs

6–8. Savings Deposit Program (SDP)

Per Title 10 USC 1035, and DoD FMR 7000.14- R, Vol 7a, Chapter 51, Service members earn 10 percent interest on money they deposit into the SDP. Service members must be serving in an assignment outside the United States or its possessions in an area that has been designated as a combat zone (CZ) or while qualified to receive HFP/IDP while serving in a Qualified Hazardous Duty Area (QHDA); or designated direct support area of a CZ. Qualified Service members can deposit up to $10,000.00 of their pay and allowances into the program. SDP is authorized for each Soldier serving 30 consecutive days or at least 1 day in each of 3 consecutive months in a qualifying location.

6–9. Combat Zone Tax Exclusion (CZTE)

a. A member is entitled to the CZTE for any period during a calendar month the member performs active service in:

(1) A CZ designated by the President in an executive order. Such executive order shall be listed in DoD FMR 7000.14- R, Vol 7a, Chapter 44, Figure 44-2

(2) A QHDA designated by Congress is treated as if it were a CZ provided a member is also entitled to HFP or IDP. See DoD FMR 7000.14- R, Vol 7a, Chapter 44, Figure 44-3 for a list of QHDA locations; or

(3) An area outside the CZ or QHDA when the Principal Deputy Under Secretary of Defense for Personnel and Readiness (PDUSD P&R) certifies that such military service is in direct support of military operations in a CZ or QHDA, as applicable, and the member is entitled to HFP/IDP. The HFP/IDP entitlement must be directly related to military operations in the CZ or QHDA. See DoD FMR 7000.14- R, Vol 7a, Chapter 44, Figure 44-1 for a list of designated direct support areas.

b. Soldiers serving in a designated combat zone for any part of a month will have all their military pay received for that month excluded from their gross income. Commissioned officer’s monthly CZTE is capped at the highest enlisted pay, plus any HF or ID pay received. RC Soldiers will have taxes withheld during the current month and receive a refund of the taxes and an adjustment of their taxable income for the month in the following month.

c. A Soldier will continue to be eligible for CZTE when he/she is hospitalized or re-hospitalized in any location as a result of wounds, disease, or injury incurred while serving in a CZ or QHDA or a designated direct support area. A Soldier is considered hospitalized or re-hospitalized until he/she is discharged from the hospital. CZ or QHDA tax exclusion will not
apply to any months beginning more than 2 years after the date specified by the President in an Executive order as the date of the termination of combatant activities in the CZ.

6–10. Tax Filing Extension

Any Soldier serving one or more days in a CZ automatically receives an extension to file taxes by filing an Internal Revenue Service (IRS) Form 4868, Application for Automatic Extension of Time to File U.S. Individual Tax Return. The length of the extension equals 180 days + the number of days served in the CZ during the tax filing season (January through April) + the number of days of any hospitalization resulting from injury in the CZ. The extension of time to file begins on the day the Soldier returns home.

6–11. Thrift Savings Plan (TSP)

The TSP is a federal government-sponsored retirement savings and investment plan. Soldiers serving on active duty, or as members of the Ready Reserve or National Guard in any pay status are eligible to participate in TSP. Soldiers can sign up by going to their S1/G1 office to fill out a TSP-U-1 election form, by using the DFAS MyPay website (https://mypay.dfas.mil/), or by going to http://www.tsp.gov/.

6–12. Servicemembers Civil Relief Act (SCRA)

a. Provides protection of rights, privileges, immunities, and benefits to service members while serving on active duty. These benefits include protection against paying taxes in both the home of record and the state in which service members are stationed, exemption from personal property taxes when stationed in a state which is not their domicile, the ability to have civil court cases delayed, and special treatment of certain financial obligations. Service members may also qualify for lowering their interest rates to six percent for obligations incurred prior to entering active service.

b. For more information go to http://usmilitary.about.com/od/sscra/l/blscramenu.htm or see a legal assistance attorney. Mobilized Soldiers can also receive finance support and information from their local servicing finance office or Defense Military Pay Office.

6–13. Exceptional Family Member Program (EFMP)

Unit commanders will interview Soldiers to determine if they have Family members with special medical or educational needs and refer them for screening and enrollment, if appropriate, per AR 608-75, Chapter 3. The MTF EFMP point of contact will assist the Family in obtaining the necessary evaluations to determine diagnosis and treatment needs. The Soldier will ensure a physician completes DD Forms 2792 and 2792-1 for each Family member with an eligible condition. A Family Care Plan is required by AR 600-20, for any Soldier whose spouse or Family member is incapable of self-care or otherwise physically, emotionally, developmentally, or intellectually disabled so as to require special care or assistance.

a. USERRA is a Federal law intended to ensure that persons who serve or have served in the Armed Forces, Reserve, National Guard, or other uniformed Services: (1) are not disadvantaged in their civilian careers because of their service; (2) are promptly reemployed in
their civilian jobs upon their return from duty; and (3) are not discriminated against in employment based on past, present, or future military service. The law is intended to encourage non-career uniform Soldiers to continue serving so the Army can maintain a qualified staff, while balancing the needs of private and public employers who also depend on these same individuals.

b. For more information on USERRA visit: https://www.esgr.mil/USERRA/Frequently-Asked-Questions

c. For assistance on USERRA, Contact Employer Support of the Guard and Reserve (ESGR). ESGR, a Department of Defense program, was established in 1972 to promote cooperation and understanding between Reserve Component Service members and their civilian employers and to assist in the resolution of conflicts arising from an employee’s military commitment. ESGR is supported by a network of more than 3,750 volunteers in 54 committees located across all 50 states, the District of Columbia, Guam-CNMI (Commonwealth of the Northern Mariana Islands), Puerto Rico, and the U.S. Virgin Islands. Visit: https://www.esgr.mil/ for more information.

d. Violations of USERRA: Many violations occur because employers do not know about USERRA. The same is true for service members. Some members who believe their reemployment rights were violated may not understand their legal rights and protections. Visit https://www.dol.gov/vets/programs/userra/fileaclaim.htm to determine if you have a valid USERRA claim.

6–15. Pay and Allowances Continuation (PAC) Program. PAC provides financial assistance to Soldiers by continuing their pay and allowances that would otherwise be discontinued at the time of the Soldier’s hospitalization. Continued pay/allowances are authorized per Title 37, Chapter 5, USC Section 372.

Section V
Travel, Authorized Absences, and Leave

6–16. Travel

Check the DFAS Travel website for latest information at: http://www.dfas.mil/militarymembers/travelpay/customerservice.html

a. Per Diem. On 15 August 2007, the per diem policy was modified to account for the current conflict. Soldiers will either PCS to enduring positions or get assigned in a TDY status at a reduced per diem rate, as opposed to continuing in an extended TCS/TDY status at full per diem. For any TCS/TDY assignment lasting longer than 180 days, a waiver from the ASA (M&RA) is required for full per diem.

b. Logistics Support. The duty station installation is responsible to house, mess, transport, and provide administrative support to personnel mobilized/deployed in support of contingency operations.

c. Amount of per diem. Soldiers in a TDY status who are authorized per diem will receive the incidental portion at a rate of $5.00 per day in CONUS or $3.50 per day OCONUS. The
payment of per diem is based on the Soldier’s TDY location. Per diem will not accrue while a Soldier is in a leave status (e.g., ordinary, emergency or convalescent) per the JTR.

d. Dual Lodging. If a traveler must retain lodging for reasons other than personal convenience at one TDY location and procure lodging at a second TDY location on the same calendar day, the authorizing/order issuing official (AO) may authorize dual lodging for up to 7 consecutive days. Dual lodging covers lodging expenses due to unexpected circumstances beyond the traveler’s control. Special approval through the Secretarial Process, after travel is complete, is required for reimbursement of dual lodging beyond 7 days. The lodging cost at the first TDY location is reimbursed as a miscellaneous reimbursable expense, and the lodging cost at the second TDY location as per diem. See the dual lodging computation sheet in JTR Table 2-16.

(1) Long-term reimbursement for dual lodging is not permitted and an authorization/order may not contain such a provision. Send formal requests for exception to policy for periods exceeding 7 days via memorandum to HQDA G-1 Compensation/Entitlements. Justification at a minimum must include impact on mission, cost/benefit analysis, endorsement from AO, related orders, or other supporting documents from the chain of command and/or requestor to support your request.

e. Within commuting distance. Soldiers residing within commuting distance to their TDY location are not authorized per diem. The established installation local commuting area will determine if the Soldier receives per diem. Payment of per diem is based on the Soldier’s TDY location, not the actual lodging location.

f. Installation Facilities. The maximum use of installation facilities is the primary method of support in all cases. If use of installation facilities is not feasible, then the use of centrally-contracted quarters and multi-passenger vehicles should be used. When government or government-contracted quarters are not available, as determined by the installation commander or the commander’s designated representative, Soldiers will receive a SNA (DD Form 1351-5) for both lodging and meals to authorize increased per diem (separate SNAs are required for lodging and meals). Soldiers authorized to procure commercial quarters may consider the use of a long-term lease with a commercial lodging facility.

6–17. RC Travel Pay

a. RC Soldiers mobilized in support of contingency operations are entitled to travel pay from their principal residence to the mobilization station for processing to active duty status and ultimate deployment. Soldiers are entitled to travel pay at the end of the period of active duty, from the demobilization station to return to their principal residence.

b. RC Soldiers in a TDY status will receive reimbursement for lodging, meals, and incidental expenses, at the daily rate prescribed for the operation area. Reimbursement will be reduced when government quarters and mess are available. Accrual travel voucher DD Form 1351-2 needs to be filed every 30 days (See Chapter 8, DOD FMR 7000.14-R, Volume 9). Soldiers paying for commercial lodging while on leave may be reimbursed per diem. Soldiers ordered to active duty at a CONUS or OCONUS location outside the local commuting area of their primary residence for a period of 180 days or less are entitled to travel pay from the principal residence to the duty station and then back to the principal residence upon completion of the active duty tour. These Soldiers are also authorized per diem during the entire period of active duty. Per diem will be reduced when government quarters and mess are available.
c. PCS

(1) RC Soldiers ordered to active duty for a period of 181 days or more but within the local commuting area of their primary residence are entitled to travel pay to their duty station on the first day and from the duty station to their residence upon release from active duty on the last day. They are not authorized per diem or mileage during the remainder of the active duty tour.

(2) When RC Soldiers are ordered to active duty for a period of 181 consecutive days at any one location (with No Break in Service) and do not commute, it becomes a PCS (see JTR Chapter 5 Standard PCS allowances). Per diem is not payable at the PCS location.

d. Travel Vouchers: Soldiers will submit monthly accrual travel vouchers to their travel support activity. The accrual voucher must include legible copies of all orders (mobilization and TDY), legible receipts for lodging, commercial travel, expenses over $75.00, a DA Form 31, and a SNA for meals and lodging, if applicable. The traveler must sign and date the vouchers in block 20a and 20b. Block 20 will get reviewed by an individual familiar with travel entitlements and travel vouchers. The reviewer must sign and date the voucher in blocks 20d and 20e.

(1) Upload the travel voucher and supporting documents online! Travel Voucher Direct is available for all travel claims computed and paid by DFAS. Note: Not for those using DTS (Defense Travel System) for their travel vouchers.

(2) Where to submit your Travel Claim. If you are not using Travel Voucher Direct to submit your voucher, find the appropriate email address for your type of travel (fax numbers provided if available).

6–18. Defense Travel System (DTS) Procedures for Deployed/Deploying Soldiers

Soldiers using IMCOM OCO –TCS Funding to deploy to a CZ, or to a QHDA, will not use DTS to create deployment orders or to file deployment settlement vouchers. Orders are generated via legacy techniques, and final settlement vouchers are filed using the legacy travel voucher processing system through DFAS-IN. As an exception to this policy, USASOC who is resourced
by Major Force Program 11, may generate orders utilizing DTS.

6–19. Defense Travel System (DTS) Procedures for CONUS Soldiers

a. General. Installation Management Command (IMCOM) OCO-TCS Management Office manages funding for all IMCOM OCO-TCS Contingency Funded Travel authorization orders and vouchers processed in DTS. As an exception to this policy, USASOC, resourced by Major Force Program 11, can generate orders utilizing DTS. DTS will ensure the proper obligation of funds and facilitate rapid payment to Soldiers. Soldiers must self-register in DTS. Commands/units will input IMCOM OCO-TCS orders into DTS for their assigned Soldiers and route to Command reviewers and approving officials for approval. Inherit with this responsibility, reviewers and approving officials will establish internal controls consistent with AR 11-2 (Management Control) and provide guidance for filing, reviewing, and approving TCS vouchers.

b. Documentation. Commands/units will ensure Soldiers’ supporting documents (a copy of the orders and amended order, waiver, SNA statement, lease agreement, and receipts for items over $75.00) are included with the voucher prior to command approval for payment. Command/units will approve the voucher and submit to DTS travel. Soldiers will receive payment from DFAS within 3 to 5 business days.

6–20. Storage of Household Goods

a. General Rules. General Rules Governing Funding for Household Goods (HHG) Storage and Temporary Duty (TDY) HHG Weight Allowance Transportation:

(1) Army installations are responsible for funding deployment storage of HHG and transportation of TDY HHG allowance. Installations are required to obtain and obligate Overseas Contingency Operation (OCO) funds to pay for all eligible deployment storage for AC and RC Soldiers.

(2) The resource management office (RMO) will provide a specified OCO line of accounting (LOA) to the Installation Transportation Officer (ITO) for deployment HHG storage, and TDY HHG allowance transportation.

(3) The ITO will forward this OCO LOA through IMCOM channels to the HQDA transportation account code (TAC) Coordinator to obtain a unique TAC for all installation storage needs.

(4) Future deployment storage obligations are tracked by each ITO. When a garrison RMO does not have sufficient OCO funding, he/she must request assistance through the Region RM to HQ IMCOM G-8 to obtain the funding.

b. TDY HHG Weight Allowance. Soldiers supporting contingency operations in an active duty TCS status for more than 200 days are authorized HHG weight allowance per JTR, excluding those serving in designated HF/ID Pay areas. OCONUS shipments must be processed through the ITO. Shipment of TDY HHG weight allowance is authorized back to final duty locations.

c. Special Storage of HHG. Special storage of HHG is authorized for single Soldiers (active duty and mobilized RC); Soldiers married to another service member when both are deployed;
Soldiers married to another service member residing at different permanent duty stations; and Soldiers who are single parents with a childcare plan that requires the dependent to leave the residence. Qualified individuals may store HHG at government expense for the period of the contingency operation. RC Members: Special storage funding for RC Soldiers is based on the mobilization order.

6–21. Privately Owned Vehicle (POV)

a. **POV Storage Authorization.**

   (1) POV storage is not an automatic entitlement. All Soldiers must possess proper authorization prior to seeking POV storage.

   (2) Soldiers may be authorized storage of one POV when deploying in support of contingency operations. POVs will be stored in accordance with instructions provided by the local ITO. RC personnel on TCS orders in support of contingency operations may be authorized storage at home station.

   (3) RC Soldiers may only be authorized POV transportation from their home station or residence to the assigned mob station and/or duty location (per JTR, para. 5376, 5378) when use of POV is the most advantageous to the government and when home station does not have a POV storage option.

   (4) There is no authorization for payment of in-and-around mileage.

b. **General Rules Governing Funding for POV Storage.**

   (1) Army installations are responsible for funding storage of POVs. Installations are required to obtain and obligate OCO funds to pay for all eligible deployment storage for RA and RC Soldiers.

   (2) The garrison RMO will provide a specified OCO LOA to the ITO for deployment POV storage.

   (3) The ITO forwards the OCO LOA through IMCOM channels to the HQDA TAC coordinator to obtain one unique TAC for all installation storage needs.

   (4) Each ITO will track storage obligations for future deployment storage purposes. When a garrison RMO does not receive sufficient OCO funding, he/she must request assistance through the Region RM to HQ IMCOM G-8 to obtain the funding.

6–22. **Post Deployment/Mobilization Respite Absence (PDMRA)**

a. This guidance for the PDMRA program simplifies the accrual rate and eliminates a need for the PDMRA calculator. See DoDI 1327.06, Enclosure 4 for further information.

b. RA Soldiers.

   (1) Any RA Soldier (including AGR) deployed to Iraq or Afghanistan, for more than 12 months out of the preceding 36 months, accrues 2 PDMRA days per month (i.e.,
for every full month in excess of 12 months, the Soldier earns 2 PDMRA days).

(2) Any RA Soldier (including AGR) deployed for an excess of 12 months out of the last 36 months to a CZTE area designated by the Secretary of the Army as a 1-day per month PDMRA accrual location, accrues 1 PDMRA day per month (i.e., for every full month in excess of 12 months, the Soldier earns 1 PDMRA day). Currently, no CZTE areas are designated for 1-day per month PDMRA accrual.

c. USAR and ARNG Soldiers (not including AGR).

(1) Any USAR or ARNG Soldier deployed to Iraq or Afghanistan in excess of 12 months out of the last 72 months, accrues 2 PDMRA days per month (i.e., for every full month in excess of 12 months, the Soldier earns 2 PDMRA days).

(2) Any USAR or ARNG Soldier deployed to a CZTE area designated as a 1-day per month PDMRA accrual location by the Secretary of the Army for more than 12 months out of the previous 72 months, accrues 1 PDMRA day per month. Currently, no CZTE areas are designated for 1-day per month PDMRA accrual. 72 months begins from the effective/REFRAD date of the last DD214.

d. All Soldiers must meet PDMRA eligibility for at least 30 consecutive days in order to begin accruing PDMRA days.

e. PDMRA benefits cannot be transferred to another activation or deployment. Orders will not be extended solely to use PDMRA, unless specifically authorized by the Secretary concerned.

f. USAR and ARNG Soldiers can elect to receive payment, known as Assignment Incentive Pay (AIP), in lieu of taking leave for PDMRA days. However, the Soldier must elect the AIP prior to earning PDMRA days.

6–23. Leave

a. Accrued Annual Leave. Soldiers accrue 2.5 days of annual leave per month while serving on active duty. Commanders and Soldiers are directed to develop a leave plan, at their TCS location, to ensure leave is taken when available, per AR 600-8-10, para 2-2, Leaves and Passes.

(1) All mobilized RC Soldiers are encouraged to take leave during the period of active duty or as part of the REFRAD process. Soldiers WILL NOT be extended beyond the end date of their mobilization order for purposes of leave.

(2) Sell Back Cap of 60 Days. If military requirements limit taking leave during the period, the RC Soldier mobilized for a contingency operation may cash in all accrued leave prior to REFRAD without impacting their career sell back cap of 60 days. See AR 600-8-10, Chapter 2.

(3) Leave periods. Soldiers will annotate leave periods when submitting accrual travel vouchers to prevent overpayment and to provide the Defense Network Operations (DNO) section with accurate information on used leave.
(4) The following procedures will be implemented:

(a) Mobilization/demobilization station will brief Soldiers on the requirement to annotate leave taken on the travel voucher.

(b) Attach a copy of their Request and Authority for Leave document (DA Form 31) to the final settlement voucher when it is filed.

(c) Units will create a Soldier Management Individual File (SMIF), IAW AR 25-50, on all Soldiers who TCS to their location.

(d) A copy of all leave forms will be placed in this file for return to the unit along with a completed Leave Verification Form signed by the unit commander.

(e) When the Soldier departs the TCS location the SMIF file will accompany the Soldier to the next duty location.

(f) Soldiers will attach a copy of the DA Form 31 to their final settlement voucher upon completion of mobilization.

(5) Accrued Leave: RC Soldiers transitioning from mobilized or CO-ADOS status who are being immediately converted to another active duty status (e.g. ADOS, AGR, etc.) retain any unused leave from one order to the next.

(a) Commanders should allow Soldiers the opportunity to use accrued leave during the mobilization period, within operational constraints.

(b) Commanders in theater will ensure individual Soldiers’ Boots On Ground does not impinge on the time necessary for RC Soldiers to complete the demobilization process which includes travel time from theater, days required at the demobilization station and home station, and time to expend accrued regular leave.

(c) There is NO authority to extend a RC Soldier for the sole purpose of expending leave.

(6) Special Leave Accrual (SLA): Soldiers located in hostile fire/imminent danger pay areas for a continuous period of 120 days or more, are authorized to accrue up to 120 days of SLA (60 days normal leave carry over and 45 days of SLA).

(a) Soldiers are authorized to retain such leave until the end of the fourth successive fiscal year. Per AR 600-8-10, Chapter 3, a commander in the grade of O5 or higher is the approval authority for Soldiers who serve at least 120 continuous days in an area in which the Soldier is entitled to hostile fire and imminent danger pay.

(b) Commanders will not approve SLA until after the fiscal year (FY), when it becomes known how much leave the Soldier will lose. SLA entitlements are discussed further in Title 10 USC para 701. An additional one-time SLA sell back is authorized for enlisted Soldiers (not applicable to officers). Under this provision, an enlisted Soldier may elect a one-time leave sell back of up to 30 days that is in excess of the 120 day SLA limitation. Such leave sell back counts against the 60-day leave sell back limitation during a Soldier’s military career.
SLA will not be used as a means to authorize the accumulation of leave in excess of 60 days, which is improper leave management, or for reasons listed in AR 600-8-10.

b. Emergency Leave. Emergency leave is granted for personal or family emergencies. It must be approved by the unit commander. This type of leave is normally granted to service members for Family emergencies involving members of their household, their immediate Family, or a sole surviving relative whenever the circumstances warrant and the military situation permits. The DA Form 31 will be used as the emergency leave order per AR 600-8-10 and the JTR.

(1) Although immediate action on emergency leave requests is essential, the military must confirm that an emergency does exist and that the service member’s presence can resolve or alleviate the situation. Emergency leave may be appropriate when:

(a) A member of the household or immediate Family has died.

(b) The service member’s presence would contribute to the welfare of a dying member of the household or the immediate family.

(c) Serious illness of a member of the household or the immediate Family imposes a demand on the service member that must be met immediately and cannot be accomplished from the duty station or by any other means.

(d) The service member’s failure to return home places a severe or unusual hardship on the spouse, his or her household, or the immediate Family.

(2) Service members will not be granted emergency leave for reasons such as the normal pregnancy of a spouse, delivery of a baby, or resolution of marital or financial problems.

(3) If emergency leave is verified and granted, commanders typically authorize up to thirty days of chargeable leave for the service member. If the service member needs an extension while on emergency leave, he or she must contact the unit commander for approval. If granted emergency leave, service members may be eligible to receive emergency leave travel in government-owned or controlled aircraft. If a service member is granted emergency leave, he/she may want to check the availability of funding for travel or space-available military flights.

(4) Red Cross personnel will notify and assist Soldiers as needed. Soldiers are authorized government funded transportation only from TCS/deployment location to Home Station/PDS. Any additional travel to the emergency leave destination is at the Soldier’s expense. Air Mobility Command (AMC) space required travel via Patriot Express or other government transportation will be used to the greatest extent possible.

Although verification of the emergency by the American Red Cross or the host country’s equivalent agency is not usually necessary, it does help the unit commander confirm that the request for leave is valid.
c. **Convalescent Leave.** Soldiers who are granted convalescent leave for illness or injury incurred in the line of duty while eligible to receive hostile fire pay and imminent danger pay are entitled to funded transportation per JTR. Convalescent Leave Transportation Allowances are funded by the supporting MTF and reimbursed through OCO. See AR 600-8-10, Chapter 5 for additional information concerning convalescent leave.

d. **Army Military Parental Leave Program (MPLP)**

(1) MPLP provides an authorized non-chargeable absence due to a qualifying birth for Regular Army Soldiers or Reserve and National Guard Soldiers on active duty for greater than 12 months (see Army Directive 2019-05 Army Military Parental Leave Program).

(2) There are 3 types of authorized absences.

- **(a)** Maternity convalescent leave is authorized to the birthparent Soldier after giving birth. The Soldier is authorized up to 6 weeks of non-chargeable leave, which may be extended by a physician recommendation and command approval.

- **(b)** Primary caregiver leave is authorized to a Soldier who is identified as the primary caregiver by the birth parent. This Soldier is authorized up to 6 weeks of non-chargeable leave, taken in one block within 1 year of the birth.

- **(c)** Secondary caregiver leave is authorized to a Soldier who is identified as the secondary caregiver by the birth parent. This Soldier is authorized up to 3 weeks of non-chargeable leave, taken in one block within 1 year of the birth.

(3) **Limitations of MPLP**

- **(a)** Soldiers who adopt a child qualify for Primary/Secondary caregiver leave but do not qualify for maternity convalescent leave.

- **(b)** Any unused Primary/Secondary caregiver leave will be forfeited within one year of the qualifying event or at the time of separation from active duty.

- **(c)** Soldiers cannot use MPLP in conjunction with transitional leave (end of tour leave).

- **(d)** Any unused leave under MPLP for qualified Reserve Soldiers will be forfeited at the end of their orders. A Reserve Soldier’s orders may not be extended in order to allow the Soldier to take the remainder of this leave.

- **(e)** Soldiers are not authorized to act as surrogates. A covered Soldier whose spouse serves as a surrogate is not entitled to Primary/Secondary care giver leave.

e. **United States Central Command R&R Leave Program**

(1) The United States Central Command (USCENTCOM) R&R leave program provides a period of leave to active duty, Army Reserve, and Army National Guard service members, and Department of Defense (DoD) civilian employees who are deployed to eligible countries. To be eligible for the program, service members must be assigned to one of fifteen designated contingency countries within the USCENTCOM area of responsibility (AOR) for at least 270
days boots on ground (BOG).

Designated countries are:
Afghanistan, Bahrain, Iraq, Jordan, Kuwait, Kyrgyzstan, Oman, Pakistan, Qatar, Saudi Arabia, Syria, Tajikistan, Uzbekistan, the United Arab Emirates, and Yemen.

(2) Specific implementation instructions and eligibility criteria for chargeable R&R can be found in DODI 1327.06, paragraph 1j(9). To ensure RC units deploying to USCENTCOM theater on 12-month or greater TCS deployment orders are afforded an opportunity to take a chargeable R&R leave period, the 10% limit imposed on personnel absence may be increased to 12% by the first GO/flag officer in the chain of command, subject to operational conditions. This authorization is designed to enable more RC personnel the opportunity to take R&R leave during deployment in the USCENTCOM AOR. AC units will remain under the 10% absentee limitation. Army Reserve or Army National Guard service members must serve at least 270 days of continuous duty within the combat theater. For service members assigned for the requisite 270 days BOG, the R&R leave program provides fifteen days of leave. For service members assigned to fifteen-month tours, the R&R leave program provides eighteen days of leave.

(3) Effective 23 March 2010, the land areas of Iraq and Afghanistan have been designated as eligible for non-chargeable R&R (NCR&R). Service members deployed to Iraq or Afghanistan, who meet the eligibility requirements noted above, may receive an administrative absence of up to fifteen days to be used in conjunction with the travel benefits provided under the standard chargeable R&R leave program. The benefits under the NCR&R program are not retroactive nor are service members otherwise compensated with leave if unable to take NCR&R from theater.

(4) The final decision on eligibility for the program rests with the commander in theater and is based on mission constraints and when the unit is scheduled to redeploy. If the unit cannot afford to lose personnel for leave, service members will not be able to take advantage of the program. Also, if the service member’s unit is scheduled to return home within the next sixty days, R&R leave is usually not granted, as the unit is preparing to redeploy.

(5) For service members selected to participate in the R&R leave program, the Government will pay for all airline costs from the Gateway in Kuwait to the airport nearest the service member’s leave destination and return. Service members are not required to come home during R&R leave; they can meet their families somewhere else if they plan to enjoy their leave at a different location. Leave may not be taken within any of the designated countries noted above.

(6) Additionally, leave may not be taken in countries listed in the State Department’s Current Travel Warnings.

e. United States Army Europe Kosovo R&R leave Program

The United States Army Europe (USAREUR) also has an R&R leave program for Soldiers and Department of the Army (DA) civilians who are serving in the Kosovo area of operation, providing up to fifteen days (including travel time) of chargeable leave away from the area of operation. To be eligible for the program, Soldiers must be projected to remain in Kosovo for 270 days or more, must have served at least sixty consecutive days in Kosovo prior to taking R&R leave, and must commence travel no later than sixty days prior to unit transfer out of Kosovo. Eligible DA civilians must be projected to remain in Kosovo
for 180 days or more, must have served at least sixty consecutive days in Kosovo prior to taking R&R leave, and must commence travel no later than sixty days prior to transfer out of Kosovo.

6–24. Personnel Assistance Points (PAP)

As a service member goes through the R&R process, he/she will go through the Gateway in Kuwait, and a Personnel Assistance Point (PAP) in Europe (if they are stationed in Europe), or in the United States at Hartsfield-Jackson International Airport in Atlanta or Dallas-Fort Worth International Airport. For more information on the CENTCOM R&R leave program or the USAREUR Kosovo R&R leave program, please contact the appropriate PAP office.

### Non-Chargeable R&R

Non-Chargeable R&R is located in DODI 1327.06, paragraph 1j (10).

**Paternity Leave:** Married Soldiers serving on active duty whose wife gives birth to a child are authorized up to 21 days non-chargeable administrative absence. Paternity leave must be taken consecutively and within 45 days after the birth of a child. Paternity leave cannot be combined with R&R leave. Deployed Soldiers have 60 days after returning from deployment to utilize the 21 days of paternity leave.

Casualty Operations and Mortuary Affairs

Section I
Introduction

7–1. Purpose
This chapter provides guidance for conducting casualty operations and mortuary affairs missions while mobilized to a theater and/or an operational environment.

7–2. Overview

a. Casualty operations include casualty reporting, casualty notification, assisting family members and beneficiaries with any associated benefits and entitlements, and working in conjunction with the Army Mortuary Affairs Program. It is a critical part of the Army’s philosophy of taking care of Soldiers and family members.

b. Mortuary Affairs operations include the search for, recovery, tentative identification, preparation, and disposition of remains and assistance to eligible Family members of persons for whom the Army is responsible by statutes and executive orders; and sets policies and responsibilities for the disposition of personal effects (PE).

c. Casualty and Mortuary Affairs Operations Division. The Casualty and Mortuary Affairs Operations Division (CMAOD) of The Adjutant General Directorate at the U.S. Army Human Resources Command (HRC) at Fort Knox, KY executes the full spectrum of Army casualty and mortuary affairs. CMAOD’s mission is to lead, develop, and execute Army Casualty and Mortuary Affairs programs to support Department of Defense (DoD)-directed missions and the Total Army Family for present and past conflicts. CMAOD serves as lead agent for the Defense Casualty Information Processing System (DCIPS) and maintains a homepage website at: https://www.hrc.army.mil/content/Casualty%20and%20Mortuary%20Affairs%20Operations%20Division%20(CMAOD). This website also includes direct links to:

(1) Our Mission and Vision.

(2) Family Benefits and Entitlements.
(3) General Officer FAQs.

d. Army Casualty Assistance Centers. Casualty Assistance Centers (CACs) are located throughout the U.S. and in Germany, Korea, Puerto Rico, Japan and a contingency CAC in Qatar— they can be contacted to provide information specific to their assigned location.

e. Governing Publications. AR 638-2 (Army Mortuary Affairs Program), AR 638-8 (Army Casualty Program), DA PAM 638-2 (Procedures for the Army Mortuary Affairs Program) and DA PAM 638-8 (Procedures for The Army Casualty Program) are the four publications that govern the Army’s program for reporting and managing its casualties. These four publications collectively prescribe policies, procedures and mandated tasks for U.S. Army casualty operations, to include casualty reporting, casualty notification, mortuary affairs and casualty assistance. These four publications also provide information to CACs and to Soldiers designated to perform the duties of a casualty notification officer or casualty assistance officer, escort of remains, Summary Courts-Martial Officer (SCMO) as well as information pertaining to casualty related documentation. A copy of these four publications can be viewed and/or obtained online from HQDA’s Army Publishing Directorate (APD) homepage website at: https://armypubs.army.mil/.

f. DD Form 93 Record of Emergency Data (RED). The Army Casualty Program depends upon the DD Form 93 having accurate, up-to-date information. This extremely important form designates beneficiaries for certain benefits in the event of a Soldier’s death. It is a guide for the disposition of that Soldier’s pay and allowances if captured, missing, or interned. It also indicates the name and address of the persons the Soldier desires to be notified in case of emergency or death.

(1) The DD Form 93 is one of the most important documents a Soldier will complete. If a Soldier is unable to speak for themselves, the DD Form 93 becomes their voice. Should a Soldier become a casualty, it establishes their wishes for the next of kin notification and the distribution of applicable entitlements. It also identifies the person responsible for making funeral arrangements in the event of their death.

(2) Not having current and accurate information could result in issues such as:

(a) Delayed Notification.

(b) Delay in payment to beneficiary and/or beneficiaries.

(c) Payment to an ex-spouse.

(d) Family disputes for benefits.

(e) Family not transported in a timely manner to the Soldier’s bedside.

(3) Regular Army (RA) Soldiers must update the DD Form 93 at the following times:

(a) During out-processing for a permanent change of station (PCS) and/or pre-
separation processing.

(b) When a Soldier arrives at a new duty station.

(c) During any record audit.

(d) In conjunction with the Soldier Readiness Program (SRP).

(e) Whenever the status of any family member changes (i.e. change of address, marriage, divorce, the birth of a child, or the death of a family member).

(4) Army Reserve or Army National Guard Soldiers must review the DD Form 93:

(a) During in-processing to a new troop program unit.

(b) In conjunction with a nationwide deployment or mobilization readiness exercise.

(c) Annual birth month audits.

(d) Whenever the status of any family member changes (i.e. change of address, marriage, divorce, the birth of a child, or the death of a family member).

Section II
Casualty Operations

7–3. Reportable Casualties

AR 638-8, provides a complete list of the types of personnel requiring casualty reporting during wartime. Units will report all casualties found on the battlefield to include the following:

a. All deceased or missing military personnel.

b. All deceased or missing DoD civilian employees and DoD contractors, OCONUS, who are casualties as a result of hostile or non-hostile action or while accompanying Armed Forces in the field and for all CONUS casualties as a result of hostile action.

(1) During wartime, units will immediately report all suspected or confirmed incidents of friendly fire.

(2) AR 360–1 provides guidelines for public release of casualty information. Casualty information will not be released to the public until 24 hours after the Army notifies all appropriate Next Of Kin (NOK).

7–4. Responsibilities of Commanders

Army Service Component Commanders (ASCC) and other theater commanders will promulgate casualty reporting processes to their subordinate commanders. When a Human Resource Sustainment Center (HRSC) or equivalent organization has responsibility for the theater
casualty reporting they will use the Defense Casualty Information Processing System (DCIPS) to the maximum extent possible given battlefield conditions and circumstances. The HRSC will coordinate with the DCIPS support team to configure DCIPS for the area of responsibility.

a. Brigade Commanders (Before Deployment). Brigade commanders will ensure that their subordinate units complete the following actions prior to deployment:

(1) Appoint a Summary Court-Martial Officer (SCMO) for the Area of Operations (AO) and for the Rear Detachment to process the personal effects (PE) of a deceased Soldier in coordination with the S-4. Coordinate the SCMO appointments with the command’s servicing judge advocate.

(2) Ensure that all deploying Soldiers and their Family members view the Casualty preparedness video prior to deployment.

(3) Brief Soldiers on the importance of updating wills and require each Soldier to update DD Form 93 (Record of Emergency Data), SGLI-8286 (Service members’ Group Life Insurance) Election and Certificate, Traumatic Service members Group Life Insurance, and Family Service members Group Life Insurance.

b. Commanders and Staffs.

(1) Commanders and their staff must ensure casualty reporting, the completion of collateral investigations, and the presentation of investigation results to the next of kin within established timelines.

(2) Use the public affairs (PA) officer and NCO to assist in media talking points for special interest or special categories of casualty cases that may generate media attention.

(3) If a subsequent investigation of the casualty reveals additional information that clarifies or changes the circumstances originally reported, commanders will report the change through casualty channels, as soon as the circumstances are known.

c. Battalion Commanders. The battalion commander, or his/her battalion-level field grade designee, must verify the accuracy of the casualty circumstances. If a subsequent investigation of the casualty reveals additional information that clarifies or changes the circumstances originally reported, commanders must report the change through casualty channels, as soon as the circumstances are known.

d. Unit Commanders. Local commanders will support the notification and assistance missions along with the other requirements IAW AR 638-8, paragraph 1-35.

7–5. Casualty and Mortuary Affairs Operations Division

a. The Casualty and Mortuary Affairs Operations Division (CMAOD) provides policy and technical oversight of daily Army mortuary affairs and casualty assistance operations.

b. The CMAOD coordinates notification to authorized NOK for all Army reportable
casualties, tracks the movement of remains and oversees all transactions associated with deceased Service members and veterans, supports the relative needs of Surviving Family members, and provides technical guidance to Casualty Assistance Centers (CAs) concerning casualty and mortuary support. The CMAOD provides government funded travel for eligible relatives dignified transfer, unit memorial and interment and designated individuals for bedside.

7–6. Defense Casualty Information Processing System

a. The Defense Casualty Information Processing System (DCIPS) is the single authorized system for casualty reporting in the Department of Defense.

b. DCIPS is typically used by the HRSC, which is specifically designed to deploy to theatre and primarily responsible for casualty reporting. DCIPS-CF (DCIPS Forward) is obsolete and no longer supported.

c. The DCIPS web addresses are:

   (2)  https://dcsb.hrc.army.mil.

d. Information about DCIPS may be found on the DCIPS MilSuite website at: https://www.milsuite.mil/book/groups/defense-casualty-information-processing-system-dcips.

e. Do not contact DCIPS for policy questions on reporting requirements. Policy questions should be directed to CMAOD at: usarmy.knox.hrc.mbx.casualty-mortuary-policy@mail.mil.

7–7. Submitting a Casualty Report

Commanders will submit a casualty report to explain what is known about the circumstances and confirm that a collateral and accident investigation has been initiated. Commanders will also contact the Combat Readiness/Safety Center and the local Criminal Investigation Division (CID) to review the incident for safety and/or criminal aspects. If suspicion of friendly fire emerges during an initial death investigation, commanders will submit a supplemental casualty report, with the same battalion-level field grade review, to update information previously reported.

7–8. Reporting Procedures for Missing Soldiers

a. When a reportable individual’s whereabouts are unknown for more than 24 hours and the responsible Commander has reason to believe that the absence is not voluntary, then the commander must document the situational circumstances surrounding the Soldier that is unaccounted for and inform the chain of command of his/her intent to report a Soldier as Duty Status Whereabouts Unknown (DUSTWUN).
b. The Commander will submit a DCIPS-CR casualty report through casualty reporting channels to the Theater CAC. The casualty report must detail the circumstances surrounding the Soldiers disappearance as well as all actions taken to verify the Soldier's duty status. Upon receipt, the Theater CAC will coordinate with CMAOD for final instructions and approval prior to submitting the DUSTWUN report. CMAOD will work with the CAC and Unit to provide guidance to Commanders regarding Soldiers that are unaccounted for.

c. If a Soldier's DUSTWUN status is approved, then the Commander will initiate a DD Form 2812 (Commander’s Preliminary Assessment and Recommendation Regarding Missing Person) and an investigation under the provisions of AR 15-6. Within 10 days, the Commander will forward the DD Form 2812 and the informal investigation with his/her findings and recommendations through the Theater CAC to the CMAOD with a recommended duty status for the Soldier. In the event an extension is required, it will be requested and approved only through CMAOD.

d. In the event that a duty status cannot be positively determined by the evidence contained in the afore mentioned AR 15-6 investigation, the SECARMY or designee appoints a board of inquiry (including a legal advisor who provides counsel to the board and counsel for the missing person or persons), reviews the board’s findings, and makes a status determination.

e. Upon receipt of an initial casualty report for a deceased or missing Soldier, organizations holding medical and dental records should scan them immediately to Dover.ArmyMort@dover.af.mil for use by the Army liaison officer at the USAF Port Mortuary, Dover AFB.

f. AR 638-8 (Army Casualty Program) and DODI 2310.5 (Accounting for Missing Personnel) provide detailed guidance on the handling of missing Soldiers.

7–9. Collateral Reporting Requirements

a. Hostile Deaths and Fatal Training/Operational accidents. The Summary Court Martial Convening Authority will initiate a death investigation (either formal or informal) under the provisions of AR 15-6 (Procedures for Administrative Investigations and Boards of Officers) Commanders will report the investigation initiation through casualty reporting channels to allow the deceased Soldier's family to be notified that an investigation is underway. Commanders will also provide monthly status updates and a copy of the completed investigation to the CMAOD through casualty channels.

b. Suspected Criminality. If any criminality is suspected during the course of an investigation, commanders will immediately notify CID who will initiate a CID report of investigation.

c. Military Related Accidents. For casualties that are a result of a military-related accident, the unit commander will submit the completed collateral investigation to the Summary Courts Martial Approving Authority or designee within 30 days from the fatal training or operational accident.
d. Suspected Friendly Fire. For casualties of suspected friendly fire incidents, unit commanders will submit the completed collateral investigation through the General Court Martial Convening Authority to the combatant commander within 30 days of the incident.

7–10. Line of Duty Investigations

a. Line of Duty (LOD) investigations are initiated by the Unit Commander and the Military Treatment Facility (MTF) in order to determine the circumstances surrounding the injury, illness, disease or death incurred by a Soldier. LOD investigations must focus on whether the injury, illness, disease, or death was the result of misconduct or negligence. Ensure DA Forms 2173 are initiated at the initial point of care when Soldiers are treated for a condition requiring an LOD by the unit commander.

b. LOD determinations are required for all death cases. However, an LOD investigation is not required for all death cases. AHRC takes final action on all death investigations as well as non-fatal investigations that result in an adverse determination. Injuries so slight as to be of no lasting significance (i.e. superficial lacerations, abrasions, or mild heat injuries) do NOT require an investigation.

c. LOD investigations are conducted to determine whether misconduct or negligence was involved in the disease, illness, injury, or death and, if so, to what degree. Depending on the circumstances of the case, an LOD investigation may or may not be required to make this determination. AHRC is the only organization authorized to render a presumptive in line of duty (PILD) finding in the following situations:

1. In the case of injury or death clearly incurred as a result of enemy action or attack by terrorists.
2. In the case of death due to natural causes.
3. Injury or death as a passenger in a common commercial carrier or military aircraft or vehicle.

d. There are two types of Investigations: Formal and Informal. Investigations can be conducted informally by the chain of command where no misconduct or negligence is indicated, or formally where an investigating officer is appointed to conduct an investigation into suspected misconduct or negligence. A formal investigation must be conducted under the following circumstances:

1. Injury, illness, disease, or death that occurs under strange or doubtful circumstances or is apparently due to misconduct or gross negligence.
2. Injury, illness, or death involving the abuse of alcohol or other drugs.
3. Self-inflicted injuries or suspected suicide.
4. Injury, illness, or death incurred while AWOL.
(5) Injury or death that occurs while an individual was enroute to final acceptance in the Army.

(6) When a USAR or ARNG Soldier, serving on orders for less than 30 days, becomes disabled due to injury, illness, disease, or death.

(7) When directed by higher authority (AHRC, approval authority, or appointing authority).

(8) Conditions that the MTF commander or other medical provider determine existed prior to service (EPTS).

(9) Injury or death of a USAR or ARNG Soldier while traveling to or from authorized training or duty.

(10) Death of a USAR or ARNG Soldier while participating in authorized training or duty.

(11) Under any circumstances the commander believes should be fully investigated.

e. An Investigating Officer (IO) will be a commissioned or warrant officer who is senior in rank to the Soldier being investigated. Commanders will not assign Chaplains as IO, member, or advisor to investigative boards of officers. The IO will be familiar with the Investigating Officers Guide in Appendix C of AR 15-6. A legal advisor to the IO will be assigned in the appointment order. Once appointed, the IO will complete the investigation and forward it to the appointing authority.

f. AR 600-8-4 (Line of Duty Policy, Procedures, and Investigations) provide detailed guidance on the procedures of Line of Duty investigations.

7–11. Casualty Notification for Civilians

CMAOD’s Notification Section will facilitate notification with the Assistant G-1, Civilian Personnel (AG1-CP) for DA Civilians, and with the parent contract agency for contractor personnel. Civilian Personnel Advisory Centers (CPACs) are responsible for providing casualty assistance to the next of kin (NOK) of deceased civilians.

7–12. Invitational Travel Authorizations (ITAs)

a. Travel to the Bedside of a Soldier. Up to three designated individuals are permitted to be issued ITAs to travel to the bedside of a Soldier or DA Civilian who is classified as very seriously ill (VSI), seriously ill (SI) or not seriously injured/ill (NSI) IAW DODI 1300.18 (Department of Defense (DOD) Personnel Casualty Matters, Policies, and Procedures). The hospital staff must first complete a DA Form 2984 (Very Seriously Ill/Seriously Ill/Special Category Patient Report), signed by the attending physician or hospital commander and the Patient Administration Division (PAD) of the hospital, requesting the Family’s presence at the bedside. CMAOD will not extend an ITA to Family members to facilitate travel into the theater of operations.

b. Travel to Dover Air Force Base. ITAs will be allowed for the PNOK and two other eligible Family members to travel to Dover Air Force Base in Dover, Delaware. This allows Family
members to witness the dignified transfer of deceased Soldiers and Department of Defense Civilians arriving from the theater of operation. If desired, the Contracting Agency will coordinate for families of contracted personnel.

c. **Authorized Per Diem.** CMAOD may extend ITAs to Family members related to casualties from current contingency operations. Family may be authorized per diem. NOK should not travel before an ITA is available. Commanders are responsible for ensuring that Family members know this information. Travel without an ITA is not reimbursable.

### Section III

**Mortuary Affairs**

7–13. **Introduction**

This section provides guidance on the search and recovery of remains, collection of identification, media, personal effects (PE) processing, and escort of remains.

7–14. **Governing Publications**

AR 638-2 (Army Mortuary Affairs Program) and DA PAM 638-2 (Procedures for The Army Mortuary Affairs Program) are the two publications that govern the Army’s program for mortuary affairs.

a. AR 638-2 contains Army policy for the Army Mortuary Affairs Program; sets policies and responsibilities for operating the Army Mortuary Affairs Program worldwide; covers tentative identification, preparation, and disposition of remains and assistance to eligible Family members of persons for whom the Army is responsible by statutes and executive orders; and sets policies and responsibilities for the disposition of PE.

b. DA PAM 638-2 provides practical guidance and procedures for unit commanders, Casualty Assistance Centers (CACs), Casualty Assistance Officers (CAOs), and Summary Courts-Martial Officers (SCMO) charged with the care and disposition of remains and/or disposition of PE.

c. A copy of these two publications can be viewed and/or obtained online from HQDA’s Army Publishing Directorate (APD) website at: [https://armypubs.army.mil/](https://armypubs.army.mil/).

7–15. **Mortuary Affairs Guidance**

a. **Search and Recovery.** Commanders will take appropriate action to search for and recover remains of their Soldiers, DA Civilians, and contractor personnel. The ATP 4-46 (Contingency Fatality Operations) provides procedures for search and recovery of remains.

b. **Identification.** Remains will be processed for identification in accordance with AR 638-2. Definitive identification occurs only when there is a favorable comparison between ante-mortem and post-mortem dental, fingerprint, and/or DNA records.

c. **Media.** Information concerning identification or shipment of remains will not be released to
news media before:

(1) Establishment of a final identification determination for all remains.

(2) Notification to the PADD.

d. **Personal Effects (PE).** The PE belonging to the Soldier will be inventoried and evacuated with the remains through theater mortuary affairs evacuation channels to the preparing mortuary. The PE of deceased persons found in the unit’s operational area will be inventoried by a SCMO appointed within theater and forwarded to the TPED for disposition. The PE will be transferred from the TPED to the joint personal effects depot (JPED) in the United States for processing.

e. **Escorts.** Commanders in the Area of Operations (AO) will not appoint an escort from the AO forces to accompany the remains of deceased Soldiers or DA Civilian employees, unless they receive a by-name request from the Soldier’s Family. CMAOD will approve all requests prior to commanders in the AO appointing an escort. If escorts from the AO accompany remains without prior CMAOD approval, the preparing mortuary will return unauthorized escort(s) to the place of origin or home station (as appropriate).

7–16. **Honors**

Unless specifically denied honors by the Secretary of the Army or his designee, it is the Department of the Army’s policy to render full military funeral honors for all fallen active duty Soldiers.

7–17. **Interactive Casualty Training**

a. **CMAOD Interactive Casualty Training (AKO Login Required).**

b. All Casualty Notification Officers (CNOs) and Casualty Assistance Officers (CAOs) are required to be recertified every year. This recertification training is to be taken no later than twelve months after the initial certification training date. This recertification is good for twelve months. To maintain the recertification, CNOs/CAOs may take the recertification again no later than twelve months after initial recertification.

c. The rank requirements for CNO and CAO are as follows:

(1) For Commissioned Officers: Captain (CPT) or above.

(2) For Commissioned Warrant Officers: Chief Warrant Officer two (CW2) or above.

(3) For Noncommissioned Officers: Sergeant First Class (SFC) or above.

d. Recertification training will NOT certify a Soldier to serve as a CNO or CAO if that individual does not meet the above rank requirements OR if that same individual does not complete the initial classroom training within the past year.

Clothing and Individual Equipment

8–1. Purpose

Provide equipment guidance for all personnel who are deploying and/or deployed in support of contingency operations and peacekeeping missions.

8–2. General

a. Clothing and Individual Equipment (CIE) is provided to members of the Regular Army (RA), United States Army Reserve (USAR), and Army National Guard (ARNG); authorized DoD Civilians; Red Cross; Army Air Force Exchange Services (AAFES); and contractors, when required for deployment in support of contingency operations and peacekeeping missions. AR 710-2 supports contingency operations and inventory management of Army equipment. RA and RC units are responsible for issuing Organizational Clothing and Individual Equipment (OCIE) for deploying Soldiers at home station using Operations and Maintenance Army (OMA) / Operations and Maintenance Army Reserve (OMAR) funds. If funds are not available, U.S. Army Forces Command (FORSCOM) will assist units with funding requirements.

b. RC filler/replacement personnel assigned to Troop Program Units (TPU) deploying as individuals, with the exception of the Push and Pull Soldiers being treated as Non-Unit Related Personnel (NRP), will report to the Force Generation Platform (FGP) (installations that deploy one or more brigades) and/or Continental United States (CONUS) Replacement Center (CRC) with authorized personal clothing and OCIE in serviceable condition. Military personnel will deploy with Military Occupational Specialty (MOS) specific OCIE items (e.g. combat vehicle crew member coveralls, Army aircrew combat uniform, mechanics coveralls, fuel handler coveralls, etc.).

c. All Soldiers will report to the mobilization station or CRC with their authorized personal clothing and OCIE in serviceable condition.

d. RC units with unresolved OCIE shortages. RC units alerted for mobilization will submit a list of their unresolved deployment OCIE shortages through their chain of command to the mobilization station Central Issue Facility (CIF). The mobilization station CIF will requisition and issue all shortages of deployment/theater specific OCIE using Overseas Contingency Operations (OCO) or Contingency Operations (CONOPS) funding. All requisitions will include
the Operational Project Code. Upon redeployment, Soldiers will turn-in all issued recoverable non-unit fielded OCIE to the demobilization station CIF before returning to home station.

e. **Theater specific uniforms and OCIE.** Rapid Fielding Initiative (RFI) sites at mobilization station will issue theater specific OCIE and equipment. Operational Camouflage Pattern (OCP) uniforms and OCIE will be issued to personnel and enablers who are attached to specific theater missions. HQDA G3 determines which theater and mission is authorized OCP OCIE. If issued, the unit must forward a list of names for Soldiers arriving to the mobilization station not later than 30 days prior to arrival for production of OCP nametapes at the RFI fielding site.

(1) Travel uniform: All personnel traveling in and out of CENTCOM will wear either civilian clothing or OCP as required by CENTCOM commander. DOD Civilians are not permitted to wear military uniforms in the Iraq Joint Operations Area (JOA).

(2) Contractors: Contractors Authorized to Accompany the Force (CAAF) will not wear military uniforms except for specific OCIE items required for safety or security or when permitted by approved exceptions to policy and negotiated contracts. CRC will ensure personnel have negotiated required OCIE on hand prior to departure from CONUS. Government Furnished Equipment (GFE) issued to deploying personnel will be returned to the control of the U.S. Government in accordance with Department of Defense Instruction 4162.2 and the applicable contracts. Equipment leaving the area of operations must meet all environmental and customs requirements for final destination. The contractor and the employee are liable for the cost and replacement of lost, theft, damage, and destruction of GFE and clothing. The contracting officer is responsible for enforcing the terms of the contract and ensuring that the contractor employee complies with applicable policies and regulations. Additionally, the contracting officer ensures the government issued protective clothing, uniforms, and OCIE are recovered and returned to the government as stipulated in the contract.

f. **Non-unit Related Personnel (NRP) OCIE.** The CRC will process all non-unit related personnel designated for deployment OCONUS as fillers and replacement personnel to include IMA Soldiers, IRR Soldiers, and Regular Army and Reserve Component personnel. Individuals processing and deploying from the CRC will get issued an individual weapon, mask, and authorized OCIE. The CRC will ensure all personnel receive the required OCIE for their assigned theater of operations. IRR Soldiers deploying as unit augments will receive required equipment at the mobilization station.

g. **Deployment/Redeployment platforms.** All Federal Government personnel will deploy and redeploy through facilities operated by Third US Army (Forward) in Kuwait. The Installation Support Module-Central Issue Facility (ISM-CIF) is the system of record authorized to in-process and laterally transfer all OCIE. The Global Combat Support System-Army (GCCS-A) account is used to laterally transfer non-OCIE items from the CRC to the gaining unit. Non-OCIE items include, but are not limited to masks and weapons. The masks and weapons issued at CRC in support of mission must be returned to the CRC and do not get laterally transferred. The individual is held responsible and liable for any equipment not returned.

8–3. **Organizational Clothing and Individual Equipment (OCIE)**

a. All deploying personnel will have at a minimum the required items listed below in their possession prior to demobilization (Table A - All OCIE issued by the CRC, CIF, and/or RFI will be captured in ISM-CIF on individual clothing records).

NOTE: The items listed are subject to modernization and will change over time.
b. Commanders will ensure personnel deploy with correct equipment and clothing sizes and that all OCIE and personal clothing items are on hand and serviceable. The RFI issuing point will continue to issue Soldiers Flame Resistant Army Combat Uniforms (FRACU).

c. Commanders may authorize Soldiers with 60 days or less with PCS orders or a separation date to turn in their OCIE at CIF in theater. The commander will validate orders and sign a memorandum for record authorizing Soldiers to turn in equipment. The commander must ensure all supporting documents and equipment are submitted to the CIF for turn in. All OCIE must be clean prior to turn-in. If OCIE is damaged, a memorandum of record is required. CIF will process a turn in transaction and the individual will receive a copy for his/her records.

8-4. Army Direct Ordering

a. The Army Direct Ordering (ADO) Program is a USARCENT program established to provide a sustainment of clothing bag items and OCIE to deployed military personnel in support of a contingency mission. Individual Air Force/Navy personnel assigned to or embedded within Army units supporting a contingency operation are authorized the ADO for sustainment. Only the Army can establish an ADO account to order clothing. The unit may set-up an account

through Operational Sustainment (1st Theater Sustainment Command).

b. ADO fundings will be activated within 30 days for OCIE and 45 days for clothing bag items. It is strongly advised to wait until "Boots on Ground" and the unit has a confirmed mailing address so items are not shipped to the wrong address or lost. Soldiers may order by size via Army Knowledge Online (AKO) thru DLA E-Commerce to Kentucky Logistics Operations Center (KYLOC) website (https://army.kyloc.com). If internet access is limited, the unit supply sergeant can order items for Soldiers. If OCIE items are not listed on the Soldier’s clothing records, the request will be denied and the unit supply sergeant will not be authorized to approve the item for ordering.

8–5. Individual Protective Equipment

a. Individual Protective Equipment (IPE) refers to a specific compilation of protective clothing, personal decontamination and detection equipment used for Chemical Biological Radiological Nuclear (CBRN) protection. Personnel will be issued IPE in accordance with the most current Standardized Individual Soldiers Basic Load (SISBL) and Common Table of Allowances for IPE authorizations in accordance with AR 700-146. All deploying personnel will have required IPE in their possession prior to departure from mobilization site or home station.

b. All personnel requiring IPE for deployments must request CBRN IPE in accordance with instructions contained in the Deployment Order or by standard pre-deployment procedures at the Conus Replacement Center (CRC) as prescribed in the SISBL.

(1) All personnel will maintain IPE in their possession until redeployment and properly turn-in equipment if not consumed during event. TPU, RC, and National Guard, if deploying from designated MFGI and Power Projection Platforms, will be issued IPE based on deployment order specifications. Units will account for IPE on an individual hand receipt in accordance with AR 735-5. It is the hand receipt holder’s responsibility to account for the property until turn-in.

(2) All non-unit related personnel and contractors are issued IPE at the CRC based on theater level requirements. The CRC will issue equipment on Army’s Approved System of Record that maintains record of individuals’ issues. It is the responsibility of the individual receiving IPE to maintain equipment until consumed or property turn-in following duty in theater. It is the hand receipt holders’ responsibility to account for the property until properly relieved.

(3) Upon redeployment, IPE turn-in for TPU, RC, and NG will occur at the demobilization site or home station. IPE turn-in for non-unit related personnel and contractors, will occur at the CRC.

(4) If items were issued from Bluegrass Army Depot via Individual Chemical Equipment Management Program (ICEMP), turn-in must be coordinated with the TACOM – ICEMP. If items were issued at a designated MFGI/PPP, ensure turn-in and zero-out of property book record occurs at that responsible location. If items were issued from CRC, the items must be turned-in to CRC. MFGI/PPP locations and CRC will work with representatives within ICEMP to coordinate returns back to the Army’s designated program for inspection and potential reutilization or training.

c. Commanders are responsible for ensuring all Soldiers deploy with required IPE. All personnel are required to deploy with their issued OCIE/IPE as To Accompany Troops (TAT)
and not leave it in CONUS.

d. Any IPE consumed or expired during deployment will require units to order materiel directly from source of supply. If unit neglects to take their equipment as TAT, unit will be responsible for ordering replacement materiel or coordinate with their home station to ship materiel that was drawn and left behind.

8–6. Weapons Accountability

a. Upon deployment, Soldiers will bring weapons from their parent unit to the Fort Bliss CRC. A supporting command/agency that does not have organic weapons will coordinate with their supporting installation for weapons issue to Soldiers before departing home station. For Non-unit Related Personnel (NRP) without parent units, weapons will be issued by the Fort Bliss Logistics Readiness Center Property Book Officer (LRC PBO). The LRC PBO will issue weapons through the TACOM-Unique Logistics Support Applications (TULSA) portal to NRP, aligning personal responsibility for issued weapons to NRP.

(1) Civilians/contractor are generally not issued weapons. In the rare case a weapon is required/approved for a civilian/contractor, the weapon will be laterally transferred directly from the CRC to an Army property book account.

(2) Following weapons issue by the LRC PBO, NRP are responsible for logging into the TULSA portal (https://tulsa.tacom.army.mil/index.cfm) monthly (no later than the 25th of each month) to validate and resign for weapons. NRP failure to validate and re-sign in the TULSA portal monthly will result in a notification to the NRP’s Commander to enforce this policy. The monthly validation will serve as the monthly sensitive items check for weapons issued to NRP in theater until re-deployment and return to the LRC PBO to close out NRP hand receipts. The following steps describe the process for issue and accountability of weapons from the LRC PBO to NRP:

(a) The LRC PBO will assist deploying NRP to establish accountability for weapons using DA Form 2062 (primary hand-receipt) through TULSA. The LRC PBO will also provide NRP an information sheet that describes monthly responsibilities to validate and re-sign for weapons through TULSA.

(b) NRP who sign a DA Form 2062 are the primary hand receipt holders (PHRHs) for the weapons. In doing so, they indicate they have received the property and accept personal responsibility for the weapons.

(c) NRP PHRHs agree to exercise reasonable and prudent actions to properly use, care for, safeguard, and return issued weapons in the same condition as originally issued (minus reasonable wear and tear). Failure to do so may subject the NRP PHRHs to financial liability unless a preponderance of the evidence indicates loss or damage was not the result of negligence or willful misconduct. DA Pam 710–2–1, chapters 5 and 6 contain information about managing hand receipts.

(d) NRP will report damaged or missing weapons in a timely manner in TULSA to the LRC PBO. NRP are responsible for storing weapons in a secure area. NRP will report any indications of theft or break-in to their immediate supervisor, unit commander, or first sergeant.
(e) All NRP PHRHs must conduct the required inventories and provide a written statement to the LRC PBO of the results of that inventory. This process is conducted through the TULSA portal monthly (NLT 25th of each month).

(f) Mission commanders are responsible for ensuring that NRP PHRHs assigned to their organization meet the monthly TULSA validation (re-signing for their weapons).

b. Upon redeployment, it is the NRP PHRH’s responsibility to coordinate with the LRC PBO to return their weapon and close out their account and the TULSA account. When NRP personnel are medically evacuated or depart theater under special circumstances, the NRP’s deployed unit or medical facility will secure the weapon and coordinate with the supporting Theater Property Book Officer (TPBO) to arrange the return of the NRP’s weapon to Fort Bliss CRC and close the NRP's hand receipt in TULSA.

8–7. Authorized Baggage

a. Deployment / Redeployment-AMC / Contracted Military / Commercial Flights / deployment to theater. Soldiers are authorized 4 total duffel bags (to include 1 personal duffel bag). Each duffel bag must not exceed 70lbs and up to 62 linear inches (the sum of the length, plus the width plus the height) in sizes. The personal duffel, which is considered a carry on bag, must meet commercial airline standards (24.5x16.5 x11.5) with a maximum weight of 50lbs.

b. DA/DoD and other federal civilians. DA/DoD and other federal civilians are authorized 3 total duffel bags (to include 1 personal duffel bag). Each duffel bag must not exceed 70lbs and must be either 25x42 or 15x10x22. The personal duffel, which is considered a carry on bag, must meet commercial airline standards (24.5x16.5 x11.5) with a maximum weight of 50lbs.

c. Contractor personnel. Contractor personnel are authorized 2 total duffel bags (to include 1 personal duffel bag). This is the maximum quantity of authorized baggage. Each duffel bag must not exceed 70lbs and must be either 25x42 or 15x10x22. The personal duffel, which is considered a carry on bag, must meet commercial airline standards (24.5x16.5 x11.5) with a maximum weight of 50lbs.

d. Footlockers or commercial suitcases are not authorize for movement. The personnel assistance point (PAP) commander will make final determination on waiver requests for exception to policy on authorized baggage limits based on mission requirements and aircraft capacity for loading AMC/contracted aircraft.

e. Excess baggage is authorized at no cost for Soldiers flying on commercial aircrafts. Soldiers are authorized to ship 4 duffel bags and 1 carry-on bag as prescribed in paragraph 8-7a, above. Normally, commercial airlines (depending on each airline’s policy) allow the traveler 2 checked bags and 1 carry-on bag before excess baggage costs are charged to the traveler.

f. All personnel (Soldiers, Contractors, and Civilians) are required to return with all issued OCIE.

Personnel Management

Section I
General

9–1. Purpose

Unless otherwise specifically stated, current Army regulations and policies remain the primary sources for instruction on topics within this chapter. The purpose of this chapter is to highlight unique personnel management circumstances under mobilization, deployment, contingency operations, and redeployment conditions.

Section II
Promotions

9–2. Commissioned Officer Promotions

All Components. The Army manages and executes Officer Promotions in accordance with (IAW) AR 600-8-29 and AR 135-155.

a. Baccalaureate Degree Requirement.

(1) Title 10, United States Code (USC), Section 12205 (10 USC 12205) requires a Baccalaureate Degree for appointment to the grade of 1LT or higher in the United States Army Reserve (USAR).

(2) Regular Army (RA) officers may not be promoted to Captain unless awarded a Baccalaureate Degree by an accredited educational institution. See DoDI 1215.17, encl 2 and AR 135-175.

(3) Effective 29 May 05, the Secretary of the Army (SA) delegated waiver authority of the statutory education requirements for Captains to the CG, HRC, to allow officers who have demonstrated substantial progress towards completion of degree requirements to be promoted to Captain. Prior to promotion, officers must submit a detailed degree completion plan within 24 months of the requested waiver.
(4) In accordance with section 512 of the National Defense Authorization Act (NDAA) for FY02, the SA may, on a case-by-case basis, waive the baccalaureate degree requirement of 10 USC 12205 (a) for any officer who was commissioned through the Army Officer Candidate School. The waiver may be in effect for no more than 2 years after the waiver is granted. Upon completion of the Baccalaureate degree, officers must provide documented proof to their branch assignment officer.

(5) Documented proof of a baccalaureate degree must be an official transcript. Officers who have not earned a baccalaureate degree at the end of the period in which the waiver was granted are subject to discharge from active duty. The new waiver authority has no expiration date and is now codified as 10 USC 12205(d).

(https://www.hrc.army.mil/TAGD/Updated%20Baccalaureate%20Degree%20Education%20Requirements%20for%20Officers%20Commissioned%20Through%20Army%20Officer%20Candidate%20School)

b. Two-Time Non-Select Officers

(1) Commissioned officers below the grade of LTC who were non-selected twice for promotion and scheduled to separate during the period of alert/mobilization will be transferred/separated from the unit prior to mobilization.

(2) Officers passed over twice for promotion will continue to mobilize, provided they have enough time remaining on their (20 years commissioned service for CPT and 24 years commissioned service for MAJ) MRD to serve the period of mobilization plus 90 days.

(3) The Army will separate a mobilized commissioned officer (as law requires), retained on active duty for the unit’s mobilization period, after receiving a two-time non-select notification and who is not selectively continued. See 10 USC, Chapter 1407.

(4) First Lieutenants on the Reserve Active-Status List (RASL) not selected for promotion to the next higher grade for the second time and who are not on a recommended promotion list to the next higher grade, shall be separated IAW 10 USC Section 14513 no later than the first day of the seventh month after the month in which the president approves the report of the board which considered the officer for the second time. However, an exception allows in the case of an officer retained to meet planned mobilization needs for a period not in excess of 24 months beginning with the date on which the President approves the report of the selection board which resulted in the second failure, or as provided in 10 USC Section 12646 or 12686. This provision applies to 1LTs assigned to and on the DMD of units alerted for mobilization or mobilized under 12302. Retention is for the period of mobilization plus 90 days not to exceed 24 months from board approval date. If the unit alert is cancelled, Soldier’s removal date will be adjusted to allow 30 days for out-processing (see 10 USC 14504(a)).

9–3. Warrant Officer Promotions

All Components. The Army uses the same standard to promote mobilized and non-mobilized Warrant Officers. See AR 600-8-19 and AR 135-155.

9–4. Enlisted Promotions

The Army manages and executes Enlisted Promotions per AR 600-8-19.
a. All Components. Due to OPTEMPO, Commanders or Soldiers can request an exception to policy (ETP) for promotion of a deployed promotable Soldier by using the template posted to the Army Human Resources Command website at: https://www.hrc.army.mil/content/19278. The template is mandatory and must be completed in its entirety. See ALARACT 078/2018, para 6a and MILPER 19-322.

b. USAR

(1) ETP for Deployed Soldier Promotion. USAR troop program unit (TPU) Soldiers will use the checklist located in the USAR personnel action guide (PAG), action T-6-E-4, and submit the request through the electronic personnel actions tracker (ePAT). See ALARACT 078/2018, para 6a and MILPER 19-322.

(2) Convening authorities will consider all eligible mobilized USAR Soldiers for promotion. Mobilized Soldiers will not demobilize to accept a promotion in a non-mobilized unit as long as the position is still valid. The promotion authority will maintain a list and effect their reassignments within 90 days of redeployment. Promotion orders will include gaining unit information in the additional instructions. Army Reserve Drill Sergeants selected for promotion, while deployed in a Drill Sergeant capacity, may decline the promotion. The Soldier will remain on the selection list, and promotion will be effective upon release from active duty (REFRAD) with a date of rank of the original promotion eligibility date.

(3) The selected Soldier, however, REFRAD only if the deployed chain of command determines there is sufficient combined support to allow the Soldier to redeploy and to accept the promotion without compromising the mission.

(4) Selected Soldiers are not required to REFRAD. A Soldier's promotion is effective as soon as mission permits and the Soldier assumes new duties upon promotion.

(5) Active Duty for Operational Support (ADOS)

(a) USAR TPU Soldiers entering on ADOS will be considered for promotion under the provisions of AR 600-8-19, Chapter 3 or 5. The promotion and orders-issuing authority for TPU Soldiers on ADOS is CDR, Readiness Division.

(b) IMA and IRR Soldiers entering on ADOS are considered for promotion under the provisions of AR 600-8-19, Chapter 6. The HRC Commanding General is the promotion and orders-issuing authority for all IRR and IMA Soldiers.

(c) When a position vacancy is otherwise required for promotion, USAR Soldiers on an ADOS tour must be selected for promotion against a valid position vacancy in the promotable rank prior to promotion. Soldiers on an ADOS tour must REFRAD within 90 days to accept the promotion predicated on a TPU vacancy. The gaining TPU CDR may waive this requirement. Soldiers serving on ADOS will remain on the promotion authority promotion list, unless promoted, the list expires, or the Soldier (USAR only) declines to REFRAD and accept a promotion and reassignment to a unit position that is within a reasonable commuting distance (as defined in AR 140–10) or elected mileage, at which time they will be administratively removed. See AR 600-8-19, para 1-32.
c. Army National Guard (ARNG)

(1) Under AR 600-8-19, Chapter 7, the ARNG is authorized to advance, promote, laterally appoint, and reduce Soldiers called or ordered to active federal service under 10 USC 12301(d) in support of contingency operations pursuant to 10 USC 12302 and 12304.

(2) Soldiers who enter on ADOS from the ARNG will be considered for promotion under the provisions of chapter 7. The States remain the promotion and orders-issuing authority for all ARNG Soldiers.

Section III
Evaluations

9–5. Evaluation Reports

a. All Components.

(1) During periods of mobilization (i.e., temporary duty station (TDY), ADOS, ADOS-RC, or CO–ADOS), USAR and ARNG Soldiers will follow RA rules for evaluation reports. When an entire unit mobilizes, and rating officials remain intact, an evaluation report is not required at the time of mobilization unless otherwise required under AR 623-3, Chapter 3 (i.e., “Change of Rater” or “Change of Duty”). Soldiers mobilizing individually will receive an evaluation report (i.e., “Annual,” “Change of Rater,” or “Change of Duty”) per this chapter if minimum rater qualifications are met. See AR 623-3, appendixes G and H for USAR and ARNG-specific evaluation reporting requirements.

(2) Detailed information and instructions on processing evaluations for Units Deployed in Support of Contingency Operations is located at https://www.hrc.army.mil/content/Evaluation%20from%20Deployed.

(3) APFT. Deployed units unable to administer the APFT due to mission or conditions will state the following on evaluations: Officer /NCO is unable to take the APFT during this period due to deployment for combat operations or contingency operations. This does not exclude annotating height/weight data on evaluation reports. Physical readiness testing gives Soldiers an incentive to stay in good physical condition and allows commanders a means of assessing the physical readiness levels of their unit. Accordingly, all Soldiers (RA and RC) must be able to pass the APFT at any time, except upon return from deployment. Units will administer a record APFT no earlier than 90 days after redeployment. See AR 350-1, para F-5g.

(4) Change of Rater. The losing chain of command will complete a Change of Rater evaluation for an officer or NCO reassigned due to deployment, as long as the rating officials meet the minimum qualifications.

(5) Retiree Recalls. Retirees are not eligible for promotions or career development during mobilization or deployment. Evaluations are not required for retirees due to this fact. Commanders will counsel the retiree in accordance with AR 623-3, on the requirements and performance standards of the position to which they are assigned. Commanders may use the support forms when conducting counseling.

b. Army Reserve. Army Reserve Commanders that are deployed will use the electronic
USAR Form 148-R (Notice of Rating Chain Assignment or Change), dated 1 Feb 2011 to document rating chains and rating chain changes. CONUS-based Army Reserve Commanders are encouraged but not required to use this form.

c. Army National Guard. Use of the Promotable (P) designator for Officer Evaluations is subject to ARNG Personnel Policy Operations Message (PPOM) 14-017, (Use of Promotable (P) Designation for National Guard Officers on the Officer Evaluation Report (OER) – Department of the Army (DA) Form 67-10 (PPOM 14-017), 16 Oct 2014).

Section IV
Personnel Records Management

9–6. Personnel Records

a. USAR

(1) USAR units mobilized through Mobilization Force Generation Installation (MFGI), will bring Soldier’s military personnel file (MPF), medical, dental, and finance records to the MFGI to for the deployment packet. USAR units mobilized at home station or at a Mob Station will have a designated support installation. The RC unit commander is responsible for providing appropriate records to the support installation to create a deployment packet. In addition, the supporting MILPO will make a copy of the last DD Form 214 issued and any other document that records active duty service after the date of the DD Form 214. Documents to ensure a correct DD Form 214 upon Soldier's REFRAD are critical.

(2) The MFGI will return the MPF, medical, and dental records to RC control in order to support administrative actions during deployment/employment periods. Units will return records to the MFGI in order to expedite the REFRAD process upon demobilization.

(3) Units and MFGI will not destroy a Soldier’s Common Access Card (CAC) during deployment processing. Soldiers will retain their CAC for use after demobilization.

b. ARNG

(1) The State Adjutant General will provide MPF, medical, and dental records to the MFGI to support deployment packet development. The MPF, medical, and dental records will be returned to State control upon completion of processing to support RC administrative actions during the duration of deployment. States will initiate preparation of deployment packets, coordinating with each Mobilization Force Generation Installation (MFGI) to determine what information States should include. The MFGI will complete the packets. The State and MFGI will prepare and complete two deployment packets per Soldier. MFGI’s will retain one packet and provide the second deployment packet to the gaining organization. Do not send original personnel, medical, or dental records to the deployment area of operations (AO).

(2) In order to populate an accurate DD Form 214 (Certificate of Release or Discharge from Active Duty) upon the Soldier’s REFRAD, units will provide a copy of the Soldier's latest DD Form 214 (if applicable) and current Statement of Retirement Point Credit (NGB Form 23) to the supporting installation. Forward the statement to the custodian of the Soldier's deployment packet or e-mail to the installation transition point. Military personnel officers will verify that eSRB, section IX, shows all federal military personnel awards, decorations, badges, and tabs as
of the day before order to active duty to ensure accurate preparation of DD Form 214.

Section V
Personnel Actions

9–7. Awards, Decorations, and Tour Credit

a. The Army Awards Policy is governed by AR 600-8-22, in conjunction with DoDI 1348.33 and DoDM 1348.33 Volumes 1-4 (available at https://prhome.defense.gov/M-RA/Inside-M-RA/MPP/OEPM/).

b. Wartime Awards Approval and Delegation. The delegation of wartime awards approval authority allows the Army to meet the demand and expedite recognition of combat deeds. The authority is delegated to commanders based on level of command. See AR 600-8-22, Table 3–5.

c. NATO Medal Request. Fill out the NATO Medal Request Form. Send NATO Medal Requests directly to USNMR at SHAPE Belgium, email: js.shape.us-mil-del.mbx.usnmr@mail.mil.

d. Unit Awards. HQDA will announce and confirm all approved unit awards in Headquarters, Department of the Army General Orders (AGO). During wartime, commanders authorized to approve unit awards will announce awards in permanent orders of their headquarters and forward a copy of each order to Commander, USAHRC, ATTN: AHRC–PDP-A, Dept 480, Fort Knox, KY 40122-5408. A copy of the permanent orders will be sent to the U.S. Army Center of Military History, ATTN: DAMH–FPO, 103 Third Avenue, Fort McNair, DC 20319–5058. Permanent Orders published to announce the award of a unit decoration will contain the citation of the award, official designation of the unit or units, and inclusive dates. AGO will confirm these awards.

e. For more information, please refer to the Army Human Resource Command, Awards and Decorations Branch, website: https://www.hrc.army.mil/content/Awards%20and%20Decorations%20Branch.

f. Forward questions regarding awards to the Military Awards Branch via telephone at (502) 613-9126; or email at usarmy.knox.hrc.mbx.tagd-awards@mail.mil or usarmy.knox.hrc.mbx.tagd-awards-current-ops@mail.mil.

9–8. Professional Military Education (PME)

At a minimum, the PME request will include DA Form 4187 (Request for Personnel Action), with justification by the commander and deployment orders. If available, include eSRB and an ATRRS print out.

9–9. Favorable Personnel Actions

Units will process all Favorable Personnel Actions utilizing the appropriate system of record and IAW directed policies and procedures. HR Clerks will document USAR and ARNG personnel actions that require eMILPO transactions, in Standard Installation and Division Personnel Reporting System (SIDPERS) ARNG and Regional Level Application Software (RLAS). Submit appropriate copies of supporting documentation to appropriate personnel
Section VI
Family Programs

9–10. Family Readiness

a. AR 600-20, paragraph 5-10, authorizes and encourages Soldiers, family members, and DA Civilians to attend briefings, training, counseling, and other Deployment Cycle Support (DCS) process identified services.

b. Families new to military benefits can find available information, from discounts on travel, sporting events, day trips, movie tickets, and more at Military OneSource.

9–11. Family Support

a. All Components.

(1) Military One Source/Army One Source. As part of Family Readiness, commanders will ensure that, at a minimum, every Soldier and Family member is trained on accessing and using Military One Source. Unit bulletin boards, Family Readiness Groups (FRG), and websites should contain the Military One Source 1-800 number and website address information. https://www.militaryonesource.mil/ and www.myarmyonesource.com

(2) FRG Website. Commanders will ensure deploying units have a Family readiness website that is AKO accessible. The Virtual Family Readiness Group (vFRG) at www.armyfrg.org provides all of the functionality of a traditional FRG in an online setting to meet the needs of geographically dispersed units and Families across all components of the Army. Soldiers, Families, commanders, volunteers and other designated personnel can use this controlled access web system to facilitate the exchange of information.

(3) Service Member Early Return due to Family Issues. When a service member returns due to Family problems, ensure that the deployed unit and rear detachment coordinate to assess what assistance the service member and their Family member(s) require.

(4) Reunion Programs. Since some Family problems do not emerge immediately after return, military units should ensure that they maintain high levels of support and outreach to assist service members and their Families as they reintegrate into Family life and into their communities.

(5) Rear detachment commanders (RDC). RDCs will complete RDC training within 30 days of appointment as RDC. Training is available through Army Community Services or online. The training is available on-line at http://myarmyonesource.com/About/Training/default.aspx. A RDC Handbook is also available at https://www.myarmyonesource.com/cmsresources/Army%20OneSource/Media/PDFs/Family%20Programs%20and%20Services/Family%20Programs/Deployment%20Readiness/Operation%20READY/RDC_HANDBOOK.pdf.

(1) Virtual FRG. A website is another means of providing general information. There are many safety and security issues involved with websites. The Army has created the Virtual FRG that allows units and FRGs to create a safe and secure website at www.armyfrg.org (see USAR 608-1, para 4-4c).

(2) Funding. Army Reserve Family Programs receives appropriated funds to support various programs that are prioritized in the annual funding guidance. These funds are appropriated by Congress. The two types of funding are Operation and Maintenance Army Reserve (OMAR) and Reserve Personnel Army (RPA). See USAR 608-1, Chapter 6.

(3) Other Resources. https://www.usar.army.mil/ARFP/

Section VII
Other

9–12. Non-Citizen Military Personnel & Family Members

All Army Components

a. DoD collaborated with U.S. Citizenship and Immigration Services (USCIS) to assist non-citizen military personnel with their citizenship applications. The goal is to expedite the processing of Soldier's applications.

b. The Department of the Army has directed its Battalion (BN) and Brigade (BDE) S-1s, Military Personnel Divisions (MPD), and Military Personnel Offices (MILPO) to assist Soldiers with their applications for citizenship and to coordinate with HRC as necessary, to assist with procedural guidance and information.

c. For further information, Soldier's should visit U.S Citizenship and Immigration Services. Although some information on their website is helpful for a Soldier’s Family members, applications for citizenship submitted by the Soldier’s Family members are not part of the Soldier's Citizenship Application Program. Soldiers’ Family members needing assistance with their citizenship applications should contact their local Army Community Services (ACS) Center or Legal Assistance Office. (https://www.hrc.army.mil/content/Citizenship%20information%20for%20Soldiers)

Section VIII
Fort Bliss Mobilization Force Generation Installation (MFGI)

9–13. Pre-Mobilization

USAR and ARNG.

a. Communication begins at the Multi-Component Joint Assessment Conference (MCJAC). A representative from the Ft. Bliss MFGI attends and provides an information disc to attending unit representatives. While at the MCJAC, MFGI reps schedule a Fort Bliss site visit with all the mobilization enterprise partners and units. After the site visit, units are encouraged to schedule teleconferences with each Ft. Bliss enterprise partner to initiate communication for required documents and arrival coordination. Unit requirements vary depending on deployment location. OCONUS deployment requirements are outlined below.
b. During the teleconferences, the Ft. Bliss Directorate of Plans, Training, Mobilization, and Security (DPTMS) S-1, requests units to provide them with following:

(1) NLT 30 days prior to arrival: (CONUS can request depending on their mission)

   (a) Submit TORCH/ADVON PAX request with date range for movement to theater.

   1. Flights utilizing port calls are first come first served, and are booked weeks in advance.

   2. Ensure personnel chosen are those the unit needs/wants to go forward.

(2) NLT 20 days prior to arrival: (Both OCONUS and CONUS must complete)

   (a) The Deployment Manning Document (DMD) – a template is provided. The unit must identify all AGR, Rear Detachment Title 10, late arrivals, In-Theater-Extension (ITE), Tour of Duty (TOD), and Pass-Backs, if applicable.

   (b) Individual Soldiers’ mobilization orders, to include amendments and/or revocations, require substantiated documents to request Rank or Name changes.

   (c) The Unit Manning Report (UMR) should have mobilizing Soldiers slotted in their respective positions. (OCONUS only)

   (d) The MTOE Unit Personnel Section. (OCONUS only)

   (e) All OCONUS mobilizing personnel must complete Isolated Personnel Report (ISOPREP). Unit commanders must sign a memo certifying all pre-mobilization ISOPREP.

c. Rear DET (Title 10) Soldiers (RDS): Command teams should refer to the HQDA EXORD 230-16 for guidance.

   (1) IMPORTANT: A rear detachment is authorized when a single UIC/DUIC has 80 or more Soldiers assigned and is deploying greater than 80% of the required strength.

   (a) RDS must live within 50 miles of the unit’s home station.

   (b) RDS have to report to the mobilization station with the mobilizing unit or after unit mobilization.

   (c) RDS are not authorized to train with mobilizing unit.

   (d) RDS are not authorized to move with mobilizing unit, for any reason.

   (e) RDS must meet deployment requirements. (cannot be pregnant and remain in Title 10 status)

d. Additional helpful mobilization information:

   (1) Units should read their Force Tracking Number (FTN) for MOS/GRADE waiver(s),
passport and visas, security clearance(s), and APACS information requirements, if applicable.

(2) All Soldiers are required to complete their SGLI by logging on the milConnect website. Non-completion, prior to arrival, will delay SRP processing.

(3) Soldiers must hand-carry their medical and finance records to the SRPC site. Soldiers should have 10 copies of their individual mobilization order, 3 copies of their individual SGLI (completed within 30 days), and any finance documents. Soldiers must know their CAC PIN number.

(4) Soldiers should complete the DA Form 4187 to rollover leave from a previous deployment. The DPTMS S-1 clerk will provide the template.

(5) Soldiers’ ID Tags must have their DoD ID number instead of their SSN. Soldiers that need ID Tags will coordinate with DPTMS, MaD Personnel Section S-1 to request one set upon arrival.

9–14. Mobilization

USAR and ARNG.

a. Once on ground at the MFGI, units must identify the TORCH/ADVON personnel, by name, in the request to theater memo. The memo will be routed to the unit’s Task Force for final approval by the 5th AR BDE CDR.

b. MFGI must medically clear and validate all TORCH/ADVON personnel prior to leaving Ft. Bliss.

c. Upon arrival to Ft. Bliss, Mobilization Unit In-Processing Center (MUIC), schedule meeting with White Cell or ADVON to verify information, discuss pending documents, and complete due outs. The unit receives their MRSOI schedule that provides SRP briefing and processing timelines (medical, dental, hearing, AG, Finance), CFI/RFI, and briefings (safety, SHARP, SFL-TAP). While the unit goes through MRSOI, the DPTMS-MaD Personnel Section S-1 will account for and track all Soldiers that mobilize with the unit. The MFGI verifies completed and turned-in pre-mob documents and requirements. The MFGI maintains accountability by utilizing the Individual Soldier mobilization orders and the unit scan-in roster. While the unit processes through MRSOI, the assigned clerk will track all holds (medical, legal, and administrative). The MFGI will not clear Soldiers who do fail any medical requirements and who have follow-up appointments. Soldiers may get cleared after visiting Case Management and once the S-1 receives an updated roster.

d. DPTMS-MaD Personnel Section S-1 track and process early REFRADs. An early REFRAD is a service member assigned to USAR or ARNG mobilizing units identified at the MFGI or becomes non-deployable while deployed. The categories for early REFRADs are medical, administrative, or hardship. Units will receive instructions on the REFRAD process from the DPTMS S-1.

(1) Early REFRAD identified in under 30 days from the start of mobilization orders:
(a) Soldiers serving less than 30 days on OCONUS mobilization orders need to complete the DD Form 220 process through the DPTMS S-1 utilizing the CONUS Replacement Center (CRC). Soldiers serving less than 30 days on orders to CONUS need to complete the DD Form 220 process through the DPTMS-MaD Personnel Section S-1. The DD Form 220 process will not require Soldiers to go through the full demobilization process.

(b) Required documents for Soldiers not medically cleared:

1. DD Form 2795 stating non-deployable status
2. Memo from Case Manager stating the Soldier is a REFRAD
3. Soldier's individual mobilization orders
4. A REFRAD memo signed by the unit commander (template is provided by MFGI)

(c) Required documents for Soldiers identified as ADMIN REFRADs:

1. Soldier's individual mobilization orders
2. A REFRAD memo signed by the unit commander (template 9 is provided by MFGI)

(2) Early REFRAD identified after 31 days on OCONUS mobilization orders:

(a) Soldiers serving more than 31 days on orders will coordinate with the DPTMS S-1 through the CRC to complete the DD Form 214 process. The DD Form 214 process does not require the Soldier to complete the full demobilization process (R-SRP, all required briefings, and CFI/RFI turn in).

(b) Required documents are:

1. Soldier's individual mobilization orders
2. An O-6 or higher REFRAD memo (template is provided by MFGI)
3. Theater Command Release memo.
4. If there was a UCMJ action, the MFGI must receive all documents.
5. If the unit requests a Chapter Separation, the MGFI requires a copy of the packet.
6. If under a Red Cross Message, the unit must provide the message to the Soldier or send it to the MFGI.
e. After the unit completes training, the 5th AR BDE will validate and certify the unit for deployment. The DPTMS S-1 will publish TCS orders based on the validation roster and schedule a scrub and pick-up, by an E-5 or above, with the unit. DPTMS S-1 will informUnits with TORCH/ADVON when identified Soldiers need to report in order to pick-up itineraries, port calls, TCS orders, and to sign-out.

f. DPTMS S-1 provides a manifest template to the unit to identify all chalks leaving Ft. Bliss. The unit must complete and turn-in the manifest to the DPTMS S-1 clerk NLT 120 business hours prior to wheels up. The manifest requires CAC expiration dates, next of kin information, and DoD ID numbers.

g. All females are required to take a second pregnancy test if their unit is at the mobilization station for greater than 30 days. Females who fail to take a second pregnancy test, prior to wheels up, are not medically cleared and cannot deploy. The DPTMS S-1 will schedule the second pregnancy test.

h. During mobilization, Soldiers are tracked by CAC swipe-in or physical sign-in and individual mobilization orders. DPTMS S-1 tracks Soldiers as they go through the MRSOI process. If a Soldier is identified as pending any medical, dental, security clearance, passport, or legal issue, they are put into a hold status. Early REFRADs are always tracked, regardless of reason (medical, dental, ADMIN, or hardship). Red Cross messages and emergency leave are also tracked. All leave forms are submitted to finance for processing after the leave is complete.

i. For demobilization, the MFGI conducts teleconferences with the units at D-90, D-60, D-30. To facilitate these teleconferences, the units are given workbooks to build the required rosters utilized during the demobilization process. The MFGI tracks the same information as the under mobilization process, except potential Warrior Transition Unit (WTU) candidates are added to the trackers. Additionally, the MFGI facilitates individual ticket requests to SATO. Individual Soldier documents are collected and consolidated (i.e. - leave forms, awards, mob orders, and TCS orders). The MFGI collaborates with transitions to provide Soldiers with a DD Form 214 or End of Tour (EOT) credit.

j. The Transitions department is an entity with which the MFGI works Innovative Readiness Training (IRT) packets in order to process DD Form 214 or EOT credit. The required packet checklist is available upon request. The MFGI does its best to provide the most accurate DD Form 214 or EOT credit within regulatory guidance.

k. DPTMS S-1 is not a typical S-1 element. It does not process awards, promotion packets, promotions, finance issues, evaluations, iPERMS uploads, or any other unit-based personnel management function. Unit S-1’s must process those types of actions for their Soldiers.

l. Please contact the MFGI team for assistance or with any questions.

Section IX
Fort Hood MFGI

9–15. General Overview

a. The Deployment Readiness Center (DRC) services all Soldiers and other services members assigned or attached to III Corps and Fort Hood and all Soldiers that are mobilizing and demobilizing through the Fort Hood Mobilization Force Generation Installation (MFGI).

b. All Soldiers and/or units, upon notification of deployment or redeployment, will coordinate with their G1/S1 to call the scheduling section in DRC to schedule a date and time to process no later than 120 days prior to latest arrival date.

   (1) If there is a mission change, the unit point of contact must coordinate with scheduling accordingly. Walk-ins may or may not be accommodated depending upon daily mission processing and or feasibility.

   (2) Soldiers must have their CAC card in order to process through the DRC and arrive 30 minutes prior to their scheduled processing time.

c. The DRC is located in the Building 36000 on 58th street and Darnell Loop. Customer service hours are 0700-1630, Monday – Friday.

9–16. Pre-Mobilization

a. RA Soldiers

   (1) Units will identify a Liaison NCO/Officer to liaise between the DRC and Soldiers to allow the DRC to process the units in a more efficient manner.

   (2) Prior to arrival at Fort Hood, RA units will conduct SRP at the company and battalion level, IAW DA PAM 600-8-101 & AR 600-8-101.

   (3) RA Soldiers processing for deployment/redeployment will receive the processing packet during the preliminary briefing. Afterwards, they will rotate through the site and process each station to verify that they are deployable.

   (4) Units should ensure that Soldiers bring a black ink pen and know their CAC PIN when they process through the site.

   (5) DRC is designed to be the final check and validation for Soldiers who are deploying.

   (6) Family members and children are not allowed at the processing site.
b. USAR and ARNG Soldiers

(1) Units are required to coordinate with the Hood Mobilization Brigade (HMB) to conduct a site visit and meet with Installation support agencies. During the site visit, all the DRC installation support agencies provide handouts outlining key tasks that must be completed prior to arriving at the MFGI.

(2) At M-60, the unit will participate in weekly teleconference IPRs with HMB and Installation Support agencies.

(3) At M-30, the unit will participate in another weekly teleconference IPR. The unit will transfer all unit level I & II SRP results from their Mobilization Planning Data Viewer system (MPDV) to the FORSCOM Deployment and Reconstitution Tracking System (DARTS), which the DRC will validate. The unit will also forward medical and dental records, finance documents, and individual mobilization orders to the mobilization section in order to mobilize Soldiers onto the Fort Hood Data Base.

(4) Once units/ Soldiers arrive at the MFGI, they will receive a welcome brief and a finance brief before they begin processing through the DRC.

(5) Soldiers will receive the processing packet during the preliminary briefing. Afterwards, they will rotate through the site and process each station to verify that they are deployable.

(6) Units should ensure that Soldiers bring a black ink pen and know their CAC PIN when they process through the site.

(7) DRC is designed to be the final check and validation for Soldiers who are deploying.

(8) Family members and children are not allowed at the processing site.

9–17. Mobilization

REFRAD Procedures

a. 25-Day Rule for Soldiers with Pre-existing Medical Conditions

(1) This rule applies to all RC and Title 32 Army National Guard AGR Soldiers mobilized in support of contingency operations.

(2) This rule does not apply to RA Soldiers assigned to RC units, AGR Soldiers in Title 10 Status, and RC Soldiers injured in the line of duty after mobilization.

(3) Disqualifying pre-existing medical conditions must be identified within the first 25-days of mobilization. Clock starts when a Soldier reports to home station (M date). Disqualifying pre-existing medical conditions are identified by medical personnel at either the Home Station or the MFGI.

(a) If pre-existing medical conditions are identified at home station, then unit commanders will submit a request for revocation of mobilization orders through DAMPS,
out-process the Soldier, and return him/her to Reserve status.

(b) If pre-existing medical conditions are identified at the MFGI, then the MFGI will REFRAD and out-process the Soldier, publish DA Form 220, REFRAD orders, and return Soldier to Reserve status for appropriate medical care and follow-up at home station.

(4) Pre-existing conditions include temporary and permanent conditions that do not meet medical retention standards, per AR 40-501, Chapter 3. Soldiers identified with pre-existing medical conditions will REFRAD immediately.

(5) Administrative processing of REF RAD orders, Soldier out-processing, and return to home of record must be completed NLT 30 days from Soldier’s M date.

(6) Soldiers on active duty for more than 30-days with pre-existing medical conditions that do not meet medical retention standards, will be released back to their units to undergo a non-duty related Medical Evaluation Board/ Physical Evaluation Board (MEB/PEB) processing.

(a) Under certain circumstances, Soldiers can be placed in Warrior In Transition Units (WTUs), receive treatment, and return to duty, or process through the Individual Disability Evaluation System (IDES).

b. Early REF RAD identified after 31 days on OCONUS mobilization orders:

(1) Soldiers serving more than 31 days on orders will coordinate with the S-1 through the MOBSTA to complete the DD Form 214 process. The DD Form 214 process does not require the Soldier to complete the full demobilization process (R-SRP, all required briefings, and CFI/RFI turn in).

(a) Required documents are:

1. Soldier’s individual mobilization orders
2. An O-6 or higher REF RAD memo (template is provided by MFGI)
3. Theater Command Release memo.
4. If there was a UCMJ action, the MFGI must receive all documents.
5. If the unit requests a Chapter Separation, the MGFI requires a copy of the packet.
6. If under a Red Cross Message, the unit must provide the message to the Soldier or send it to the MFGI.

9–18. Demobilization Process

a. Unit IPRs are coordinated through the HMB and start eight weeks prior to the unit’s return date. The IPRs provide guidance and support in preparation for the Soldiers’ return.

b. Unit representatives/deployment support cell must contact the DRC Team to review the demobilization schedule and address any discrepancies or actions needed.
c. Units must ensure all OER/NCOERs are completed prior to arrival to ensure they are reflected in each Soldier’s DD 214.

d. Units must provide ALPHA rosters identifying the status of each Soldier (early REFRAD, assigned to WTU, pending UCMJ, etc.)

e. Soldiers must bring hard copies of all documents from the current mobilization that need to be reflected on their DD Form 214, in the event they are not posted in iPERMS.
